**Subject:** 1444 Alberni Street Application

Dear council,

I've been a downtown Vancouver resident for many years. I have family who lives in the West End and therefore know the neighbourhood well. I understand that the City's plan for the West End allows for development along Alberni and West Georgia. This seems the appropriate location for taller buildings since both streets feel far more like the rest of downtown than the interior quiet West End streets.

I therefore support the development proposal for 1444 Alberni Street and the rental housing and childcare that will be part of the development. It seems that more and more families are choosing to stay in the city with their children, making childcare an important service for the community.

I hope that City council approves this application.
