Re: Item 6, Rezoning RT7/8 to RT5

To Mayor and City Councillors

Attached please find a copy of the feedback form which was collected at the only Public Information meeting held regarding the RT7/8 rezoning. We will be summarizing the results at the Public Hearing.

Also please find attached a copy of the Petition calling on Council to refer this rezoning back for proper and meaningful public consultation.

This is a door-to-door petition (not on-line) carried out by the West Kitsilano Residents Association with 274 names of which 246 are residents within the RT7 RT8 area of West Kitsilano. This indicates massive opposition to these rushed and ill-considered rezoning. We expect additional names to be added to this petition by tomorrow's hearing.

Thank you.
