Dear Council,

I am writing in support of this project. My partner and I live s.22(1) Personal and Confidential blocks from the proposed project). We rent a one-bedroom apartment. As we consider starting a family, we are unsure where we would move. Buildings like this are important for young(ish) people like us, who would like to stay in Vancouver but see it as far from certain. The rent for units in this project is quite high, which may be an indication that it is time to consider pricing within the Rental 100 program, but despite this cost, I support these additional units.

Thank you,

Mitchell

Hello,

I may have missed the deadline to get a comment in, but I would like to support the proposed rezoning and project at the above address. I live s.22(1) Personal and Confidential away from this address and I believe Kitsilano (and all of the city) need much more affordable purpose built rental units.

thank you
