

B.1

MOTION ON NOTICE

1. **Rescission of Resolution for West End Parking Management Strategy and Participatory Budgeting Process**

Submitted by: Councillor De Genova

WHEREAS

1. On February 26, 2019, Council passed a resolution with respect to the West End Parking Management Strategy and Participatory Budgeting Process;
2. The resolution passed by Council puts the pilot process on hold. This also affects the City of Vancouver's ability to provide reduced-cost permits to long-term residents of the West End, including individuals living on fixed incomes;
3. There are possible ways to move forward with staff recommendations and receive updates to the impact permit rates have on the availability of parking for visitors in the West End and feedback on giving long-term residents a reduced rate for their parking permit fee.

THEREFORE BE IT RESOLVED THAT Council rescind the resolution regarding the West End Parking Management Strategy and Participatory Budgeting Process, passed at the February 26, 2019 meeting.
