**Subject:** Main St Arts at Main & 6th

To whom it may concern:

My name is Antoni and I work in Mt Pleasant on Main Street at 8th. I saw that this project at 2202-2218 Main St is being rezoned and I wanted to write my support to you. I think it would be a great addition to the neighbourhood and would like to see more retail space in the area. It would be a great benefit to the fabric of Main Street in Vancouver today and into the future.

Thank you,

Antoni Wojtyra

**Subject:** Rezoning

To whom it may concern:

My name is Hana and I live in the Mount Pleasant area. I understand that there is a rezoning project at 2202-2218 Main St . I would like express my interest in supporting this rezoning request. Although I do not necessarily know a great deal about the project specifically I am connected with some of the projects employers and I know that they have personally placed a great deal of energy into building community in mount pleasant. We need a community with diverse housing and amenities for a variety of different income community members. I understand the project will include a day care facility and market rate housing. It would be especially desirable for me to support a project that also included rent that is affordable to working class folks who live in the area.

Thank you,

Hana MacDonald

**Subject:** 206 East 6th Ave. & 2202-2218 Main Street Rezoning

To Whom It May Concern:

I am aware of the upcoming rezoning of the property located at 206 East 6th Ave. & 2202-2218 Main Street to a 6-storey building, 63-unit building. I'd like to provide support for the project, as the area will greatly benefit from the increase in residential units. The commercial heritage alley is quite intriguing and will fit perfectly with the surrounding neighbourhood. Also, the proposed CAC payment is very generous.

Thank you  
Peter

Hello:

I'm writing in support of this project. I live nearby on 2nd Avenue.

I support more market housing on an underutilized commercial/industrial sites like this one and the neighbourhood will benefit from an increase in family units (25% 2-beds and 10% 3-beds). The elevations are quality and will be a positive contribution to the streetscape.

Thank you,

Adrien.
