Demolition of a Building

Formerly 10.12

- 10.8.1 Except as exempted by section 5, no person shall carry out any construction, engineering or other operation in, on, over or under any land which results in the demolition of a building without first obtaining a demolition permit for the demolition from the Director of Planning.
- 10.8.2 Except as set out in section 10.8.3, where development necessitates the demolition of existing residential rental accommodation, no development permit shall be issued for the new development unless and until a demolition permit for the new development has been issued. The development permit for the new development shall not be issued until and until all building permits for the new development and a building permit for the demolition are issuable.
- 10.8.3 The following residential rental accommodation are exempt from section 10.8.2:
 - (a) where located in the R-1 district, or any M or I district;
 - (b) where located in a building damaged or destroyed by fire to the extent of 60% or more of its value above the foundations, as determined by the City Building Inspector;
 - (c) where located above a commercial use and where the residential rental accommodation does not predominate in the use of floor space;
 - (d) when located in a building deemed by the City Building Inspector to be beyond re-use or rehabilitation for residential purposes;
 - (e) where located in a building deemed by the City Building Inspector to be appropriate for demolition because of hazard to public health or safety;

 - (g) where located in a multiple dwelling consisting of a co-operative tenure established prior to legislation permitting condominium ownership; and
 - (h) where located in a building deemed by Council to be appropriate for demolition because the premises are a nuisance.
- 10.8.4 Except as set out in sections 10.8.6, 10.8.7 and 10.8.8, where development necessitates the demolition of (a) a building listed on the Heritage Register or (b) a residential building located in the RS-1, RS-3, RS-3A, RS-5, RS-6, RS-7, or First Shaughnessy Districts no development permit shall be issued for the demolition unless the Director of Planning is satisfied that all applicable policies and guidelines adopted by Council have been met, and until a development permit for the new development has been issued. The development permit for the new development shall be issued unless and until all building permits for the new development and a building permit for the demolition are issuable.
- 10.8.5 Except as provided in sections 10.8.6 and 10.8.8, where development necessitates the demolition of a building listed on the Heritage Register as an evaluation or historic heritage building and located in the First Shaughnessy Districts, RM-5B, RM-5C and RM-5D, RM-6, or Downtown West Districts, a development permit shall not be issued for the demolition unless the applicant has complied with the provisions of section 10.8.4, except that the Director of Planning may also require that the applicant submit a calculation of density bonus to the City, to the satisfaction of the Director of Planning, before a development permit may be issued.
- 10.8.6 A building deemed by the City Building Inspector to be appropriate for demolition because of hazards to public health and safety is exempt from the provisions of sections 10.8.4 and 10.8.5.
- A building deemed by Council to be appropriate for demolition because the premises are a nuisance is exempt from the provisions of sections 10.8.4 and 10.8.5.
- 10.8.8 A building which is a one-family dwelling, one-family dwelling with a secondary suite, or two-family dwelling in the RS-1, RS-3, RS-3A, RS-5, RS-6, RS-7, or First Shaughnessy Districts and is not listed on the Heritage Register, and for which a building permit has been issued to demolish by deconstruction, is exempt from the provisions of section 10.8.4.

| <p>10.17</p> | <p>Frontage Determination</p> <p>10.17.1 The frontage of any site having more than one boundary on a street shall be:</p> <ul style="list-style-type: none"> (a) where street boundary lengths are equal, as determined by the Director of Planning; (b) in the case of a corner site, the shortest boundary abutting on a street, or as otherwise determined by the Director of Planning; and (c) where a site is composed of more than one lot, the shortest boundary abutting on a street, or as otherwise determined by the Director of Planning. | <p>Form</p> |
| <p>10.18</p> | <p>Height of Building and Relaxation</p> <p>10.18.1 The height of a building shall, unless otherwise provided in a district schedule to this By-law, be measured as the maximum distance that the building extends above the base surface.</p> <p>10.18.2 Where the existing grade of a site is higher than the base surface and the Director of Planning is satisfied that the existing grade is compatible with the existing grade of the adjoining sites or the general topography of the area, height of building may be measured from the existing grade. The Director of Planning may, if necessary, determine the height by joining the existing grade at all points along the perimeter of the proposed building. The Director of Planning may, if the Director of Planning deems necessary, require the applicant to furnish a plan of survey in accordance with section 4.1.3 of this By-law.</p> <p>10.18.3 Where the existing grade of a site is higher than the base surface, the height of building may be measured from the base surface, provided the Director of Planning is satisfied that the proposed finished grade is compatible with the existing grade of the adjoining sites or the general topography of the area. The Director of Planning may, if necessary, require the applicant to furnish a plan of survey in accordance with section 4.1.3 of this By-law.</p> <p>10.18.4 Notwithstanding anything in this By-law, the Director of Planning may, at the discretion of the Director of Planning, grant a height relaxation or the provision of partial storey to accommodate building features designed to reduce energy consumption in a passive house, if the Director of Planning first considers:</p> <ul style="list-style-type: none"> (a) the intent of the relevant schedule; (b) the applicable Council policies and guidelines; (c) the relationship of the development to nearby residential development; (d) the submission of any advisory group, property owner or tenant; and (e) the height relaxation does not exceed 1.25 m, except that this relaxation shall not apply to laneway houses or dwelling uses in an RS district. <p style="text-align: right;"><i>[continued on the next page...]</i></p> | <p>Form 10.10 and 10.11</p> |

10.18.5 The Director of Planning may, at the Director of Planning's discretion, permit a greater height than otherwise permitted for the following items if, except for the items set out in subsection (d), they do not, in total, exceed one third of the width of the building or buildings as measured on any elevation drawings and do not, in total, cover more than 10% of the roof area on which they are located as viewed from directly above:

- (a) architectural appurtenances such as towers, turrets and cupolas, provided:
 - (i) no additional floor area is created, and
 - (ii) no protrusion extends more than 10% above the height limitation;
- (b) mechanical appurtenances such as elevator rooms and rooms;
- (c) chimneys;
- (d) access and infrastructure required to maintain green roofs or urban agriculture, or roof mounted energy technologies including panels and wind turbines, provided that the Director of Planning considers:
 - (i) their siting and design in relation to overlooking, shadowing, and noise impacts, and
 - (ii) all applicable policies and guidelines adopted by Council;
- (e) venting skylights and operable clerestory windows designed to reduce energy consumption or improve natural light and ventilation;
- (f) items referred to in any of the above.

10.18.6 The Development Permit Board may, for any building higher than 30.5 metres, permit a decorative roof which may include items referred to in section 10.18.5, provided the maximum height of the roof does not exceed the maximum height otherwise specified in this By-law provided that:

- (a) the Development Permit Board is satisfied that the roof is appropriately integrated with the building and mechanical appurtenances; and
- (b) the roof does not add to the floor area otherwise permitted; and

the Development Permit Board first considers all applicable policies and guidelines adopted by Council.

10.19 Land not Abutting a Street

Formerly 10.3

10.19.1 Where a portion of land does not abut a street and therefore is not developed as a site, development may be permitted by the Director of Planning if, in the Director of Planning's opinion, the land is, or is likely to be, satisfactorily provided with the public utilities and services necessary for the development.

 - (b) less than 7:12, the walls of the partial second storey must be set back at least 0.6 m from the exterior wall surface of the floor below, except that there may be a single projection into the setback to a maximum of 35% of the width of the floor below.
- 11.17.16 The partial second storey of a laneway house must not exceed:
 - (a) 60% of the footprint of the laneway house if the roof has a minimum pitch of 3:12; or
 - (b) 50% of the footprint of the laneway house, if the roof has a pitch of less than 3:12, except that the calculation must exclude any floor area of the partial second storey that is not included in the calculation of floor area according to sections 11.17.24 and 11.17.25.
- 11.17.17 Dormers must be installed such that:
 - (a) the height of the intersection of the exterior surface of the roof and the exterior wall surface of the building must not exceed 4 m from the horizontal datum plane; and
 - (b) the walls of the partial second storey must be set back at least 0.6 m from the exterior wall surface of the floor below, except that there may be a single projection into the setback to a maximum of 35% of the width of the floor below.
- 11.17.18 The location of a laneway house with a partial second storey must be:
 - (a) within 7.9 m of the ultimate rear property line; and
 - (b) within 4.9 m, measured across the width of the site, from the one-family dwelling or the one-family dwelling with second suite on the site;
 - (c) at least 0.6 m from the ultimate rear property line, except that the Director of Planning may relax the location to 0.6 m from the ultimate rear property line:
 - (i) if the site is less than 30.5 m in depth; or
 - (ii) if the laneway house is enclosed or covered and the parking area of the laneway house is within the setback; and
 - (iii) if the laneway house is set back a distance from each side property line which is at least equal to the required side yards for the site as prescribed by the applicable district schedule.
- 11.17.19 Notwithstanding 11.17.18(a), where a site is 39.6 m or more in depth, the Director of Planning may permit a laneway house with a partial second storey to extend into a site to a maximum of 21% of the lot depth measured from the ultimate rear property line.
- 11.17.20 The floor area of a laneway house must not exceed the lesser of:
 - (a) 0.16 multiplied by the site area; and
 - (b) 83.6 m².

Section 11

- 1.17.21 Despite section 11.10, the floor area of a laneway house, excluding any floor area used for enclosed parking, must be at least 26 m², except that the Director of Planning may allow a reduction to not less than 19 m² if the Director of Planning first considers the design of the laneway house and all applicable Council policies and guidelines.
- 1.17.22 Except for a laneway house with no separate bedroom, a laneway house must have:
 - (a) one main habitable room that is not a bedroom with a minimum size of 16.7 m² and a minimum dimension of 2.1 m measured between finished wall surfaces; and
 - (b) at least one bedroom with a minimum size of 8.4 m² and a minimum dimension of 2.1 m measured between finished wall surfaces.
- 1.17.23 Computation of floor area for a laneway house must include:
 - (a) all floors, including earthen floor, measured to the extreme outer limits of the building;
 - (b) stairways, fire escapes, elevator shafts, and other features which the Director of Planning considers similar, measured by their gross floor areas and included in the measurements to the extent that which they are located;
 - (c) the floor area of a basement;
 - (d) floor area used for enclosed or covered parking; and
 - (e) if the distance from a floor to the floor above or, in the case of a floor above, to the roof rafters or trusses exceeds 3.7 m, an additional amount equal to the area of floor area below the excess.
- 1.17.24 Computation of floor area for a laneway house must exclude:
 - (a) areas of porches located:
 - (i) above the highest storey or height and to which there is no permanent means of access other than a staircase to an adjacent storey with a ceiling height of less than 1.2 m;
 - (ii) on floors located at or below finished grade with a ceiling height of less than 1.2 m;
 - (iii) covered porches if:
 - (i) their location is at the level of the basement or lowest storey,
 - (ii) they are open on at least one side or protected by hand rails, the height of which must not exceed the minimum specified in the Building By-law,
 - (iii) the total excluded floor area does not exceed 3 m², and
 - (iv) the ceiling height of the total excluded area does not exceed 2.75 m measured from the porch floor; and

[continued on the next page...]

- (d) 3% of the total area, where the exterior walls include a minimum of 175 mm of thermal insulation in total.

Where floor area is excluded under section 11.17.24(d), the Director of Planning may vary section 11.17.11(a) and 11.17.18(a) no more than 30 cm.

11.17.25 Computation of floor area for a laneway house may exclude:

- (a) open balconies, sun decks, roof decks, or any other appurtenances which, in the opinion of the Director of Planning, are similar to the foregoing, if the balconies, sun decks, or roof decks face the laneway, in the case of a corner site, the lane and flanking street or either of them;
- (b) patios and green roofs if the Director of Planning first approves the design of sunroofs, walls, and other appurtenances;
- (c) despite section 11.17.23(e), open to below space double height volumes under sloping roofs with a pitch of at least 3:12 if:
 - (i) the vertical distance from the floor level to the ceiling does not exceed 2.5 m;
 - (ii) the ceiling attaches directly to the underside of the sloping roof rafter and follows the slope;
 - (iii) the excluded area does not exceed 10% of the maximum floor space under section 11.17.20, and
 - (iv) the excluded area, combined with the excluded area under subsection (d), does not exceed 25% of the maximum allowable floor area;
- (d) despite section 11.17.23(e), areas under sloping roofs with a pitch of at least 3:12 if:
 - (i) the vertical distance from the floor to any part of the ceiling is between 1.2 m and 2.5 m;
 - (ii) the ceiling attaches directly to the underside of the sloping roof rafter and follows the slope;
 - (iii) the excluded area does not exceed 10% of the maximum floor space under section 11.17.20, and
 - (iv) the excluded area, combined with the excluded area under subsection (c), does not exceed 25% of the maximum allowable floor area;
- (e) for residential units that have a partial second floor, an area not exceeding 2.75 m² for stairs, if the excluded area, combined with the excluded areas under subsections (c) and (d), does not exceed 25% of the maximum allowable floor area; and
- (f) an area not exceeding 3.7 m² for residential storage space, clothes closets and linen closets.

[continued on the next page...]

- 11.17.26 Private outdoor space must be provided in the form of:
- (a) an open balcony, sundeck, or roof deck; or
 - (b) a patio located at grade with a minimum size of 3.7 m² and a minimum dimension of 1.5 m.
- 11.17.27 The setback provided in accordance with sections 11.17.26 and 11.17.18(c) must be permeable and landscaped and is not required for vehicle or fire access.
- 11.17.28 A laneway house must include:
- (a) a minimum 75 mm wide trim around all doors and windows, excluding door sill trim, except where a window or door is recessed no less than 100 mm behind the adjacent exterior wall faces; and
 - (b) a canopy over the main entry door.
- 11.17.29 A main entry door that faces the lane must be set back at least 1.5 m from the ultimate rear property line.
- 11.17.30 On a corner site, the main entry door of a laneway house must face the flanking street.
- 11.17.31 At least 10% of the elevation facing the lane must contain windows with a minimum area of 1 m².
- 11.17.32 Unless located at least 1.5 m above the ground level of the partial upper storey, or facing the lane or a flanking street, windows with transparent glazing on a partial upper storey must not exceed 1 m².
- 11.17.33 Wall cladding materials on building elevation facing a lane or street must be completed in equal proportions, no more than 2.0 m along adjacent walls or 1.2 m where a continuation of a material occurs at a change in the building wall plane, such as a bay or chimney projection.
- 11.17.34 The Director of Planning may relax the design provisions in sections 11.17.15, 11.17.17, 11.17.28, 11.17.29, 11.17.30, 11.17.31, 11.17.32, and 11.17.33 if, in the opinion of the Director of Planning, the design of a laneway house meets the intent of the design provisions for quality and durability of the construction and is not compatible with one or more of the design requirements in those sections.
- 11.17.35 If the Director of Planning first considers the effects on neighbouring properties with regard to overlook, massing and neighbourhood privacy, and the intent of this section and all applicable Council policies and guidelines, the Director of Planning may relax the provisions of sections 11.17.10, 11.17.11(a), (c) and (d), 11.17.14, 11.17.18(a), (c) and (d), 11.17.22, and 11.17.26 if:
- (a) due to topography or other conditions peculiar to the site, literal enforcement would result in unnecessary hardship;
 - (b) the relaxation is necessary to retain a tree; or
 - (c) the relaxation is necessary to allow a green roof that does not have railings or stair access.
