Subject: 708-796 Renfrew Street Public Hearing

Hello,

My name is Mary Zheng and I am a long-time resident of the Hastings-Sunrise neighbourhood. I live very close to the proposed redevelopment site (at 708-796 Renfrew Street), and **I am AGAINST the rezoning of this area.**

This neighbourhood is a quiet, family-friendly area with a close-knit community. Should a 73-unit, 5-storey building be built here, it would drastically change the dynamic of this neighbourhood. The residential streets would be filled with substantially more vehicles and people. Change the by-laws also open the door for more multi-level buildings to develop and soon this community would no longer exist.

I strongly urge the council to reconsider this proposal and realize the negative impact this decision would have on this community.

Thank you,

Mary
