To whom it may concern,

I would like to express my opinion regarding the construction of the 4-storey building next to the Hospice on 4575 Granville Str. I do acknowledge the need for homes in Vancouver, but we must take into consideration the other needs of the community, as well, and dying in peace and quiet is one of them. The Hospice needs to continue to operate at least in the same conditions as before, as it provides excellent service to its customers and families, which cannot be replaced easily.

I trust your judgement and your consideration of the importance of the Hospice.

Many thanks,
Diana

Dear City Clerk Office,

It just seems wrong that Vancouver Hospice that offers not only excellent care for people facing terminal illness and a wide range of bereavement programs for children and adults who have lost a loved one could close. I am 20 years young and fortunately have not had a lot of experience with people with serious illness but what I do know is that I want to be able to access these services if I need them.

Regards,
Hana Larson
