Hi,

I am writing to express my support for 4575 Granville Street. I grew up in this neighbourhood, and want to continue to live in it. I have friends and family who live nearby, and I want the best for them.

I support 4575 Granville Street for the reasons listed below:

- I would like to move to Shaughnessy someday, and that will be easier if there are more homes there
- If there are more homes like this, it's less likely that I will be priced out of the area
- I want my friends and family to be able to live in Shaughnessy, and they won't be able to do that if there aren't enough homes

Despite my overall support, I have some suggestions for improvement:

- I believe the neighbourhood, the city, and the region, would benefit if the project was allowed to include even more units.
- Building homes near homes shouldn't require a decision from council.

In conclusion, 4575 Granville Street is a worthy proposal and I urge you to approve it.

Best regards,
Charles Yu

This project is worth your support for the reasons listed below:

- This project will make Shaughnessy a more vibrant, exciting neighbourhood
- Central, walkable neighbourhoods like this are the best places to build more homes
- If we want people to use public transit, we need to let them live near it

- We desperately need more rental homes in Vancouver

I have some suggestions for improvement that do not detract from my overall support:

- I believe the neighbourhood, the city, and the region, would benefit if the project was allowed to include even more units.
- Building homes near homes shouldn't require a decision from council.

I urge you to approve this project.

Sincerely,
Manjot Shahota

To whom it may concern at the City of Vancouver,

This is just a short note to express my support for 4575 Granville Street. I'm from the area, and still feel strongly about the neighbourhood. I have friends and family who live nearby, and I want the best for them.

4575 Granville Street is a good project because:

- This project will make Shaughnessy a more vibrant, exciting neighbourhood
- Central, walkable neighbourhoods like this are the best places to build more homes
- If we want people to use public transit, we need to let them live near it
- We desperately need more rental homes in Vancouver

I do have some ideas for improvement:

- I'm disappointed that the project doesn't have even more units
- Building homes like this shouldn't require an entire rezoning

Regards,
Bal Athwal

I'm a full time student working a full time and part-time job to JUST be able to afford the cost of rent. My student loan barely help and I'm not privileged enough for my parents to pay my rent. Rental housing that is affordable is a necessity. I shouldn't have to move almost an hour away from my school to afford going to it.

Subject: 4575 Granville Street Rezoning Support

Dear Mayor and Council,

For the last two years while finishing my Masters at UBC, I have lived in Kerrisdale and out at UBC in student housing. While travelling across the city every day to my workplace near Broadway and Cambie, I was constantly surprised and disappointed by the lack of diversity of housing options on the west side of Vancouver.

The economics of rental housing are very hard to make more desirable to housing developers under current conditions, and every chance we have to replace a single detached house (especially on the west side) with rental housing, we need to seize it.

I'm very confident that the housing developer and hospice can find a way to co-exist respectfully during construction, and that more rental housing is a community benefit to all.

I hope to hear you approve this project without delay and any further conditions. This proposed development does not displace any existing tenants, and is on a frequent transit route. We need more of this form (townhouses) and tenure (rental) in all neighbourhoods, but especially on the west side.

Kind Regards,

Laurel Eyton
