**Subject:** Fraser st neighborhood

Hello,

I live in the Fraser neighborhood. We had a great neighborhood meeting talking about what we'd like to see in the hood. I'm asking for an integrated plan with community consultation. We discussed health services, walkability, small businesses and areas for people to gather as a community. I think the street in front of Le Faux Bourgeois should be blocked off to cars and made into a pedestrian plaza and outdoor seating. Please ensure height restrictions to the condos.

I love my neighborhood. Unfortunately, Main St has lost some of its quaintness due to poor planning. Let's have a comprehensive plan for Fraser that makes it a destination.

Sincerely

Charmaine Miranda
