Subject: Opposed to 1805 Larch Street Development
Date: Wednesday, December 11, 2019 5:15:25 PM
Attachments: [495 OPPOSED TO 1805 LARCH SIGNATURES.pdf](#)

Mayor and Councillors,

OPPOSITION TO THE 1805 LARCH STREET CD-1 Rezoning

It is widely accepted that **spot rezoning** in established neighbourhoods in urban areas is detrimental to the sense of community and vibrancy of the rezoned neighbourhood and often leads to the loss of a sense of community and neighbourliness.

I attach a petition signed by 495 individuals opposing spot rezoning at 1805 Larch Street.

This petition objects to the arbitrary **SPOT rezoning** of 1805 Larch Street from RT-8 (single family, duplex, triplex, townhouse, laneway housing zoning) to CD-1 (Comprehensive Development - District rezoning, allows for apartment zoning including high rise zoning), which will irreversibly alter the form and character as well as disrupt the harmonious architecture of the entire neighbourhood.

The petitioners with their signatures below respectfully request that the Mayor and City Council deny and set aside this spot rezoning application at 1805 Larch Street from RT-8 to CD-1, particularly since this rezoning application is not and has not been part of the "City-wide comprehensive development plan for Vancouver for the 21st century" as heralded unanimously by the Mayor and City Council immediately post the 2018 municipal elections.

I trust you will take the voice of these people into consideration when you make your decision.

Thank you for your consideration.

David Hovan

Recipient: Mayor , R. Bligh, C. Boyle, A. Carr, M. De Genova, L. Dominato, P. Fry, C. Hardwick, S. Kirby-Yung, J. Swanson, M. Wiebe

Letter: Greetings,

OPPOSITION TO SPOT REZONING OF 1805 LARCH STREET

It is widely accepted that spot rezoning in established neighbourhoods in urban areas is detrimental to the sense of community and vibrancy of the rezoned neighbourhood and often leads to the loss of a sense of community and neighbourliness.

Therefore, this petition objects to the arbitrary SPOT rezoning of 1805 Larch Street from RT-8 (single family, duplex, triplex, townhouse, laneway housing zoning) to CD-1 (Comprehensive Development - District rezoning, allows for apartment zoning including high rise zoning), which will irreversibly alter the form and character as well as disrupt the harmonious architecture of the entire neighbourhood.

This petition has no objection whatsoever to building low-moderate income rental housing located anywhere in the City of Vancouver, when it is well designed, well planned and the development meets the needs of the community and is not spot rezoned to accommodate developers.

The petitioners with their signatures below respectfully request that the Mayor and City Council deny and set aside this spot rezoning application at 1805 Larch Street from RT-8 to CD-1, particularly since this rezoning application is not and has not been part of the "City-wide comprehensive development plan for Vancouver for the 21st century" as heralded unanimously by the Mayor and City Council immediately post the 2018 municipal elections.
