**Mayor & Council,**  
City of Vancouver  
453 West 12<sup>th</sup> Ave.  
Vancouver, BC V5Y 1 V4

January 21, 2020

Dear Mayor Stewart & Council,

Re: Simplified and Expanded Zoning and Development Regulations for  
Passive House Projects

Passive House Canada is pleased to support the Simplified and  
Expanded Zoning and Development Regulations for Passive House  
Projects.

The staff recommendation incorporates a number of key measures to  
simplify and encourage the construction of these zero emissions  
buildings. Progressive policies such as these serve to consolidate the  
progress Vancouver has made in transforming buildings, normalizing new  
practices, disseminating innovation and driving down costs. The  
combined impact of this and other policies the city has previously adopted  
is to reduce emissions from buildings and solidify Vancouver's position as  
a global leader is this vital endeavor.

For these reasons, we urge Council to support the Zero Emissions  
Catalyst Policy.

Yours truly,

"s. 22(1) Personal and  
Confidential"
