Good morning,

I am writing re the proposal to permit a six-storey building at 3235-3261 Clive Ave.

Despite the fact that there is a low rental unit on Rupert near Clive, and another building farther on Clive and Vanness, this area of the city is still residential, and we'd love to keep it this way.

There are many units under construction on Kingsway, and we have no objections to those, but please keep our area residential.

Sincerely,

"s. 22(1) Personal and Confidential"
