

MOTION

1. Report Back and Ratify CCRC Core Guiding Questions

Co-Submitted by: Councillor Carr and Councillor Dominato

BE IT RESOLVED THAT the work and recommendations of the Council Covid Recovery Committee be guided by the following core questions:

1. What steps can the City of Vancouver take to support businesses re-opening and residents returning to work and play in the city?
2. How can we plan recovery from Covid to create a new, better normal that leaves our city better off, including advancing action on other emergencies such as housing affordability and climate?
3. Specifically, how can the City of Vancouver's Covid Recovery Plan help to:
 - a. Rebuild a more resilient and sustainable local economy with a specific focus on small business and local jobs
 - b. Foster a healthier and more just and people-friendly city
 - c. Increase resiliency city-wide to prepare for future waves of the Covid pandemic and other emergencies
 - d. Advance goals of service excellence, sustainable and green practices, and housing affordability.
4. What recovery plan actions can the city take within our powers and capacity and what do we need to advocate for with senior governments?
5. What practices have we adopted as a result of the pandemic that we should consider amplifying to improve service delivery and urban planning?
