| 06/26/2020 | 14:42 | PH2 - 4. REZONING: 1059-1075 Nelson Street | Oppose | NO! Its enough already with the luxury condo?s! If anything we need more affordable housing. But until we have enough public transit, parking, schools, hospitals... to support the people already in the West End, we don?t need more! | Lisa | | s. 22(1) Personal | West End | No web attachments. |
| 06/26/2020 | 20:11 | PH2 - 4. REZONING: 1059-1075 Nelson Street | Oppose | It will shade Nelson Park, which is precious and heavily used park space. This is a densely-populated urban community. For mental and physical health, and general livability of the community, bright park space is a must-have. But the proposed tower, combined with others existing and under construction, will cast shadows for many blocks in many directions. The proponent?s shadow studies show that Nelson Park can kiss good-bye to morning sunlight for much of the year. That includes also the children at Lord Nelson Elementary Annex. | No Name No Name (ps) | | s. 22(1) Personal and | Downtown | No web attachments. |
