06/29/2020	20:52	PH2 - 4. Rezoning: 1059-1075 Nelson Street	Oppose	The proposed building for this site is too high and too dense for the neighbourhood. Covid 19 will not allow for representation of any significance to hear from the public. We have accepted that Vancouver will need to increase its density but the sell outs to developers by this and the previous City of Vancouver Council shows no sign of moderating. The West End has been demanding a review of the West End Development Plan now for the past two years and all we are denied. We will now have to await an overall City plan....in the meantime our community is being sold off and destroyed. We want a review of the West End plan. I can only hope that there remains a small bit of consideration among this Council to address the issues with this development.	ROBERT WHITWELL		s. 22(1) Personal d f i l	West End	No web attachments.
