Re: **Area 10B (Area Development Plan) to create a new Development Area for the site located at 1595 West 2nd**

Dear Sir or Madam,

The Ireland Canada Monument Society is a non-profit Society founded in 2010 to complete the building of the Ireland Canada Monument honouring the immense contributions of Irish Canadians to Canada at George Wainborn Park which was approved by Vancouver Park Board in 2017 and given a "Green Light" by leaders of the Musqueam, Squamish and Tsleil Wautath First Nations peoples who have lived on the land known as Vancouver today since time immemorial.

The wonderful gesture by all three Nations to the Irish in Canada has been very warmly greeted by the Directors of our Society and members. In due course we believe it will be similarly greeted by Irish Canadians once this historic project gets more exposure. Thankfully the project can now proceed given that general agreement was reached between our Society and Vancouver Park Board staff in December 2020 on the design for the Monument at George Wainborn Park.

One of the names to be honoured will be that of former Mayor of Vancouver, Gerry McGeer whose family came from County Wicklow Ireland and who did much to help raise the funds needed to build City Hall at 12<sup>th</sup> and Cambie. A bust of Mr. McGeer is on permanent display outside the South door of City Hall.

Our Society understand that the City of Vancouver proposes to revise zoning of the land at Area 10B from transportation to residential.

The Monument Society kindly asks that all transportation corridors currently existing throughout the property – remain in place – so as not to inhibit future rail transportation through the area.

Kind Regards

Brendan Flynn, Executive Director

Public Hearing 2020-July-07 - 3. AMENDMENTS to the False Creek Area Plan for Area 10B (SUPPORT)

07/06/2020	19:26	PH1 - 3. AMENDMENTS to the False Creek Area Plan for Area 10B	Support	I am writing in support of the rezoning at Fir and 2nd. Specifically, I want to commend the staff involved for their work on this file, and the community engagement process they undertook. Feedback from residents regarding the proposed housing tenure was incorporated into the proposal, and I'm pleased to see that non-profit co-op housing is an option, which is in keeping with the tenure mix of False Creek South. I hope that the eventual developer of the property will be equally as engaged with the community.	Robyn Chan		s. 22(1) Personal	Fairview	No web attachments.
