09/04/2020	17:29	PH1 – 3. CD-1 (715) AMENDMENT: 1649 E Broadway (formerly 1619-1651 East Broadway)	Oppose	<p>We are reaching the breaking point in this community. This project (among others like proposed Safeway lot towers, and 10th and Victoria tower) places all of us in a position of having to defend our community. No one deserves to be displaced for profit and lose access to their family, social and wellness support, no one deserves to lose all their daily sunlight, No one deserves to lose all their privacy. All of the developers who are seeking variances for almost every single project in this area are stressing us to the point of exhaustion, and ill health. Consistently they are seeking 20% or greater height variances. Keep in mind, we are already feeling overwhelmed by the fact that the city just finished rezoning our entire community to heights that are too great as-is: 4 storeys that should be 3, 10 that should be 6. As well as the destruction and displacement that is going on with each project. We experience a significant NET LOSS of affordable housing, green space and mature trees Every Time someone builds, regardless of city-hall-speak about increasing rental stock. We are anxious, hurt, worn out, depressed, from being under Relentless attack with no end in sight. We cannot continue to survive as individuals or a community, while living in an endless state of siege. The area i am referring to is predominantly Grandview-Woodlands, but also the norther boarder of Kensington- Cedar Cottage</p>	Ms JULIE HUNTER	Self and neighbours	<p>s.22(1) Personal and Confidential</p>	Kensington-Cedar Cottage	No web attachments.
