

Name	Petition	Message
104 Darlene C	I Oppose Rezoning Application - 601 Beach Crescent	Another large development ruining Vancouver's views- over gentrifying the neighbourhood and doing nothing to combat the housing crisis.
98 Keith Nichol	I Oppose Rezoning Application - 601 Beach Crescent	Yet another developer scheme to make themselves lots of money disguised with a thin veneer of social housing
4 Heidi Reid	I Oppose Rezoning Application - 601 Beach Crescent	We need more social housing, not enormous luxury towers!!!
8 Bernd Banke	I Oppose Rezoning Application - 601 Beach Crescent	We are very much opposed to the rezoning of 601 Beach Crescent. The current zoning was decided with the whole False Creek neighbourhood in mind. We can't see any benefit a new rezoning would bring to our False Creek neighbourhood and to it's residents!
9 Natasha D'Silva	I Oppose Rezoning Application - 601 Beach Crescent	We are very much opposed to the rezoning of 601 Beach Crescent. The current zoning was decided with the whole False Creek neighbourhood in mind. We can't see any benefit a new rezoning would bring to our False Creek neighbourhood and to it's residents!
3 Daphne Harwood	I Oppose Rezoning Application - 601 Beach Crescent	Too much density!! Too many tall buildings in a small area! NO consultation with community before selling land to Pinnacle. This neighborhood has other needs. The City hardly knows what they are.
54 Minna Seppanen	I Oppose Rezoning Application - 601 Beach Crescent	This proposed developmet does not conform to the design of this neighborhood. I have lived here for 14 years and strongly feel that this will have a negative impact on the enjoyment of living in this neighborhood. We are already experience high traffic with cars circling looking for parking, congestion getting in and out of our driveways and through the streets. Having two driveways side by side will be chaotic and confusing causing accidents and creating stressful situations.
34 Dominique Gross	I Oppose Rezoning Application - 601 Beach Crescent	This project is against what was given 8 years ago for the use of this side. A 10-12 store level for only poor people was definitely a very good prospect. The general changes on types of buildings is definitely negative for the development of apartments in city of Vancouver.
110 Erika Villanueva	I Oppose Rezoning Application - 601 Beach Crescent	This is way too high for the neighborhood, higher than Vancouver House, and will badly impact neighboring buildings!
111 Virginia Richards	I Oppose Rezoning Application - 601 Beach Crescent	This is an appalling bait and switch rezoning. Stop it now!
51 Stu D	I Oppose Rezoning Application - 601 Beach Crescent	This building will destroy the quality of life in the area. There are no schools for the kids, and the traffic will be extremely congested. The shadowing will greatly impact several hundred residents in the nearby three buildings, who will be in shade most of the afternoon. This neighborhood was planned to have a 17 storey affordable social housing. The city should stick to the original plan and possibly add more affordable housing units and a school instead. The higher buildings policy was created for the center of the downtown development, not this area of the city, the very edge of downtown. A lot of people already don't like and oppose Vancouver House. Don't make it even worse by having another 55 storey building here.
67 Brian Naylor	I Oppose Rezoning Application - 601 Beach Crescent	This area is a gridlock nightmare during peak traffic times and congested at the best of times (try and get on the Granville Bridge from Pacific during commuter time without wanting to stab yourself in the eye!) The number of buildings in this area is already causing congestion and is not in line with the original False Creek North plans put in place. I urge you to reconsider this application and any others in the area until further investigation and the affects on public infrastructure and sustainability is available.

74	Maureen Sanders	I Oppose Rezoning Application - 601 Beach Crescent	There is already extremely high density in this area with the near completion of the new developments beside the Granville bridge. We have no clear sense yet of the impact of this high density on such things as schools for children living in the new buildings, traffic flow and parking, green space etc. We do NOT need a still higher building bringing even greater density. Having obtained land intended for development of social housing, developers should not now be rewarded by being able to jam in more people like sardines in can. They just never have enough do they? Let them hand the whole lot back to a developer who will develop the social housing that was originally intended for this space.
96	Gordon Reid	I Oppose Rezoning Application - 601 Beach Crescent	There is absolutely no way that a 55 story should be built at this location
12	Kate Nagy	I Oppose Rezoning Application - 601 Beach Crescent	<p>There are many reasons to oppose the rezoning application for 601 Beach Crescent. We don't need any more luxury condos in this area. We need affordable housing.</p> <p>The 400+ foot buildings are ruining the skyline of our beautiful city. They are becoming an eyesore. The proposal for the rezone doesn't seem to take into account what it would do to the livability of the area. Traffic congestion is already well above what Beach Crescent was built to handle, adding that tall of a building with the proposed commercial space will truly compound the issue. I understand that the council wants people to use public transport/walk/ride bikes, but sometimes that just isn't realistic.</p> <p>We need to adhere to the original development of the Beach Crescent neighborhood, not turn it into some over built, congested part of town that no one with a reasonable good salary could afford.</p>
73	Jonathan Neill	I Oppose Rezoning Application - 601 Beach Crescent	There are inadequate facilities and most importantly schools in this neighborhood to support this development. Impact of the Vancouver House and the Canada West University should be measured prior to a rezoning should be approved.
30	William Langlois	I Oppose Rezoning Application - 601 Beach Crescent I Oppose Rezoning Application - 601 Beach Crescent	<p>The whole approach of using social housing as a pretext to increase density and build more monstrous buildings that only benefit developers and their friends at city hall.</p> <p>The veritable explosion of over-tall towers is stifling this city's livability. Here we are in the middle of a pandemic, where we clearly recognize the need for certain types of spaces, and over-dense buildings are not it. Nor, indeed, is blocking the sun from our streets, placing homes near busy roadways where health may be negatively affected by car fumes and a lack of fresh air, and blocking the views of our glorious mountains, effectively blotting out what makes Vancouver special. Oh, and of course, densification only serves to raise the costs of living, which are already egregious and unsustainable for most in this city. Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project. pplication: https://rezoning.vancouver.ca/applications/601beach/index.htm</p>
143	Teresa Stolarskyj		
18	Jean Provost	I Oppose Rezoning Application - 601 Beach Crescent	The plan for a 17 storey building as originally proposed and accepted by the City of Vancouver should be binding or cancelled and be replaced with much needed GREEN SPACE. Emergency Services are strained as our City densifies & with the addition of Vancouver House on Howe Street as well as many other buildings coming up in the City, will make transportation to VGH or St. Pauls impossible. This proposal DOES NOT MAKE SENSE! Other concerns are the blockage of natural light, affordable housing, schools for families and gridlock. I welcome removing 2 lanes from The Granville Street Bridge to make room for a bike lane and pedestrian crossing to keep things green but we must STOP putting up HUGE buildings as they contradict the green theme. Let's keep our mountain views & not bend to the political pressure from builders to build gateways in our gorgeous city.
138	Nick Easter	I Oppose Rezoning Application - 601 Beach Crescent	The impact on traffic and schooling given the other developments underway or anticipated have not been properly considered. Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project.

103	Madi V.	I Oppose Rezoning Application - 601 Beach Crescent	The building is monstrous. It is too close to the water to have such a large building. Buildings in that area should have height restrictions. Further, we need more affordable housing. This building will not be affordable to most residents of Vancouver.
114	Pia Villanueva	I Oppose Rezoning Application - 601 Beach Crescent	The addition of more condos buildings will add to the density of the area that is not built to accommodate. What we need more of are daycares and schools.
63	Morgan Davidson	I Oppose Rezoning Application - 601 Beach Crescent	Stop selling to rich foreigners! where is affordable housing?????
70	Lucas Zhang	I Oppose Rezoning Application - 601 Beach Crescent	Stop making our lives harder!
24	Ron Yuuers	I Oppose Rezoning Application - 601 Beach Crescent	Please develop your own plans and policies for the people and leave the direction of the last gang in the drawer.
65	Neda Jevtic	I Oppose Rezoning Application - 601 Beach Crescent	<p>Our neighbourhood does not have supporting infrastructure to accommodate current density. There are</p> <ul style="list-style-type: none"> -no schools, -no childcare spaces, -no parks and nature, -no safety with increased traffic and pollution, -in case of Big One earthquake in this density it would be disaster especially with condos so closely situated next to bridges (Granville Bridge) which would be potential life line; it would not be possible to get help or escape in this tight glass setting, not to mention to manage water, food and medical supply, -no gas stations, <p>It is disturbing that city is even considering more huge highrises in this tiny space. It is greed driven. In the end everyone is losing especially the city because you are going to run us all to the ground, worst of all you would be risking real lives by adding to the entropy with increased traffic, lack of green space, no education (more traffic), no care for kids/elderly/pets to have safety to walk with jammed traffic, no space to breath and safety in case of disasters like storms or earthquakes.</p> <p>It is not worth the price.</p> <p>I voted for Kennedy in hope to help us to undo exponential density vs. quality of life disconnect that Gregor allowed. Please listen to us now and do not allow yet another monster higrise. Create a child care space for VSOCC or a school or leave it as green space or dog park; it is so much needed to NOT build and provide infrastructure space with so many families with children.</p>
81	Devon Knight	I Oppose Rezoning Application - 601 Beach Crescent	Our mountains are our city's primary asset. Please don't ruin the view for visitors and thousands of residents. Do not add more density to the congested downtown. Disperse it to our neighbourhoods. Stop approving luxury condos and concentrate on solving the affordability problem. Figure out how to pay for needed amenities without being dependent on developers. I would pay higher taxes for this.
76	Tamara Baschuk	I Oppose Rezoning Application - 601 Beach Crescent	It's time that our city looked at directly providing land for community and housing uses, rather than relying upon massive and intrusive developer-led projects such as the destructive 'Vancouver Gateway'. There must be a greater sense of community created and protected in this area.
95	Heidi Reid	I Oppose Rezoning Application - 601 Beach Crescent	It is hard to believe that this is seriously under consideration.

6	Mira Bajic	I Oppose Rezoning Application - 601 Beach Crescent	I support the current zoning for 601 Beach Crescent to be maintained.
112	Ursulina Villanueva	I Oppose Rezoning Application - 601 Beach Crescent	I oppose this development as the area is already very congested as it is.
48	Andy Taylor	I Oppose Rezoning Application - 601 Beach Crescent	I oppose this application.
97	Rosalind Scarnell	I Oppose Rezoning Application - 601 Beach Crescent	I am strongly opposed to the construction of this very tall tower at 601 Beach Crescent.
113	Hernando Villanueva	I Oppose Rezoning Application - 601 Beach Crescent	I AM OPPOSED TO THIS RIDICULOUS REZONING OF 601 Beach Crescent which is smack in the middle of an already very dense area!!
1	Candace Smith	I Oppose Rezoning Application - 601 Beach Crescent	I am opposed to this project for a number of reasons. I feel this location should be dedicated to social housing. It has been set aside for social housing since 1989 and that is what it should be. 55 floor buildings at the southern edge of downtown have an irreversible impact to all residents, parks and trees that will be in their shadows. A liveable urban plan would be to terrace buildings from the southern edge to ensure maximum light sun and sky can penetrate into the city. The proximity of the social residences in the proposal ,facing the bridge, is inhumane. Other residences along the Cambie and North Granville bridge ramps face hallways and common areas to the bridge and have residents windows and baloneys to the opposite side. That is the type of residence that a person can call a home. A residence bombarded with the noise, lights and fumes from the bridge will be a poor place to live. Especially for families and children. The plan for 601 Beach Crescent should promote pride and community that a person has when they live in a good place. This plan fails that and should not be granted rezoning.
106	Julia C	I Oppose Rezoning Application - 601 Beach Crescent	I am against the Rezoning Application for 601 - Beach Crescent. I strongly believe all large developments should be on the West side of the Granville street bridge.
61	karel janousek	I Oppose Rezoning Application - 601 Beach Crescent	Destroying neighbourhood traffic paterns,street parking,shading all areas and street etc. It is set far to close to the street ,much closer then all other buildings beside. That does not allow any room for sidewalk trees and green landscaping.

58 Seho Bann

I Oppose Rezoning
Application - 601 Beach
Crescent

Dear city rezoning officer,

Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project due to anticipated population density of the area, which I believe is already overly dense with current zoning layout.

Please withdraw pending rezoning applications of the area.

Regards,
Seho Bann
Dear city rezoning officer,

Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project due to anticipated population density of the area, which I believe is already overly dense with current zoning layout.

Please withdraw pending rezoning applications of the area.

Regards,
Seho Bann
Dear city rezoning officer,

Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project due to anticipated population density of the area, which I believe is already overly dense with current zoning layout.

59 Young Bann

I Oppose Rezoning
Application - 601 Beach
Crescent

Dear city rezoning officer,

Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project due to anticipated population density of the area, which I believe is already overly dense with current zoning layout.

Obviously, incremental addition of population could cause more traffic jam and accidents, along with many other social issues, thus could bound to worsen livability of the neighborhood.

Please withdraw pending rezoning applications of the area.

79 Suzanne Feeney

I Oppose Rezoning
Application - 601 Beach
Crescent

City lands are now a priority for community and housing uses. How do you justify your massive empty home tax collections when you are selling off what is left to commerical developer-led projects.

2	Mark Sissons	I Oppose Rezoning Application - 601 Beach Crescent	Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project.
5	Sean Chang	I Oppose Rezoning Application - 601 Beach Crescent	Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project.

142	Tamara Gauthier	I Oppose Rezoning Application - 601 Beach Crescent	Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project.
57	Sewon Bann	I Oppose Rezoning Application - 601 Beach Crescent	Based on my review of the current application for rezoning at 601 Beach Crescent, I am opposed to this project due to anticipated population density of the area, which I believe is already overly dense with current zoning layout.

Obviously, incremental addition of population could cause more traffic jam and accidents, along with many other social issues, thus could bound to worsen livability of the neighborhood.

Please withdraw pending rezoning applications of the area.
