09/17/2020	19:20	PH2 - 1. CD-1 Rezoning: 601 Beach Crescent	Oppose	To whom it may concern, Based on my review of the current application for rezoning at 601 Beach Crescent, I am totally opposed to this project. I am unfortunately unable to come and talk at the meeting but would like my views heard through this email. This project would destroy the livability of this neighborhood. It would become a high vehicle traffic zone adding danger and pollution. There is strict limit to what the neighborhood can cope with in increased traffic, noise and pollution. It would destroy the skyline of Vancouver and would defeat the city plan to have the two tall buildings on each side of the bridge marking the entrance of the downtown area! It would deprive thousands of residents of the view they are currently enjoying on our beautiful skyline. NO INCREASE HEIGHT OR DENSITY should be allowed, the plan should only continue as ORIGINALLY planned. Thank you.
