10/27/2020	11:05	PH1 - 1. Zoning and Development By-law Amendments to allow Temporary Patios for Businesses on Private Property	Support	I am writing in support of the patio extension specifically for breweries. As a brewery owner, the ability to have outdoor seating in Vancouver has allowed our business to remain open during the covid19 pandemic. Without it, we would be closed. As as the current health crisis has no known end in sight, I would implore city council to consider allowing breweries the ability to have permanent outdoor seating opportunities just like in neighbouring municipalities. In order for us to invest in meaningful spaces, we will need assurances that we can amortize them over more than one summer season.
