10/23/2020	06:16	PH1 - 6. CD-1 REZONING: 24 East Broadway	Support	I completely support the 12 floor office building being proposed for this site. I would support taller buildings as well but I think that this building is perfect for regrowing the economy from the devastating effects of the pandemic. 10/23/2020	08:40	PH1 - 6. CD-1 REZONING: 24 East Broadway	Support	I think this building is well situated on Broadway with the new Skytrain line coming in. We need more jobs close to transit that aren't necessarily downtown.	Angus Beaty			West End	No web attachments.
10/23/2020	08:40	PH1 - 6. CD-1 REZONING: 24 East Broadway & 2520 Ontario Street	Support	I fully support the land use, density and height of this proposal as the property is situated within a 5 minute walk distance to the approved Broadway Line subway station. In fact, I believe to be a truly sustainable city, the Broadway Corridor Plan must require higher density development (than this application) within a 10 minute walk distance of all future subway station locations. The City needs to fully leverage the sustainability opportunities offered by such large public investments in mass transit systems. Anything otherwise is a waste of taxpayer investments!	craig sidjak			Grandview-Woodland	No web attachments.
