10/27/2020		PH1 - 7. CD-1 REZONING: 3701 – 3743 West Broadway	Oppose	l oppose this proposed rezoning application for a 14 storey tower. The current rezoning application of 172 ft., 14 storeys, and 5.3 FSR is not appropriate for this site. Instead, the previous 2015 rezoning application (that is now on hold) for 100 % secured rental housing in a 6 storey building on this site should be reconsidered. doesn't meet MIRHPP requirements for neighbourhood context or policy direction; grossly oversized building form that is too large in height and FSR; in conflict with the West Point Grey Community Vision; sets a huge precedent while other adjacent planning is in process such as the Jericho Lands and during the Interim Rezoning Policy for WPG and Kitsilianc; the previous 6 storey rental application was a better fit for the site and neighbourhood; the developer makes windfall profits on 14 storeys that is not justified or appropriate. 10/27/2020	16:09	PH1 - 7. CD-1 REZONING: 3701 – 3743 West Broadway	Oppose	This proposal is simply too high and is dramatically out of scale for the neighbourhood. It should be reformatted into a 4 to 6 storey building like other newer developments further nearby on West Broadway. I went to the Open House for this development and the feeling I got is that people living in the neighbourhood are overwhelmingly opposed to the massing of it. These people feel that if approved this rezoning is the start of a slippery slope towards their neighbourhood being overwhelmed and ultimately obliterated by over-tall buildings. If this proposal receives a "Yes" then the City will have no choice but to approve every future proposed building as tall or taller in the corridor. If the project were to be resubmitted at half the proposed height it would receive much more support from the people who live in and pay taxes in the neighbourhood. I have lived nearby at 11th and Wallace for 19 years, and I personally think the extra height being considered is totally out of synch with our neighbourhood. Every neighbour I have spoken to is against the scale and massing of the proposal. It plainly needs to be reduced in height.	Peter Rose	Peter Rose		West Point Grey	No web attachments.

10/27/2020	16:36	PH1 - 7. CD-1 REZONING: 3701 – 3743 West Broadway	Oppose	As residents of West Point Grey, we are opposed to the plan to build a tower at Broadway and Alma. The presidents residents of this area are losing services, to wit the emptying of West 10th of small merchants and a major grocery chain due to redevelopment, taxes and insurance issues. The prior 2015 plan of 6 storeys is more appropriate to what this neighbourhood can handle. Moreover, an over-sized tower is proportionally out of scale in this neighbourhood of low rise apartments and single family homes. A tower 65 feet taller than the largest nearby apartment is overwhelming and will cast a nightly shadow in many ways. Towers are not about community, but a series of closed doors. 10/27/2020	18:12	PH1 - 7. CD-1 REZONING: 3701 – 3743 West Broadway	Oppose	The height and architectural style of this proposed development is absolutely contrary to the cultural and aesthetic environment of the community. The systemic destruction of Kitsilano's quiet and people friendly character is unacceptable especially when you consider that this proposed 'Jenga' like institutional-looking building can hardly be considered affordable housing. There is a glut of unaffordable housing on the market already and density for the sake of density only serves developers not the people who live in this community. 10/27/2020	19:21	PH1 - 7. CD-1 REZONING: 3701 – 3743 West Broadway	Oppose	Dear Mayor and Council: Eight months into the pandemic, no vaccine I am surprised that during a pandemic that could be around for some time, developers and their architects would not have shifted their approach to reflect societal changes. People are no longer comfortable living and working in extremely small spaces, rubbing shoulders in elevators, etc. This will not change. Given the spread of the pandemic, would you choose to live in 400 sq ft unit stacked up with 152 other units of a similar scale' And Mr. Gillespie, would you' Mr Stewart, Ms Degenova, Ms Carr, Ms Dominato, Ms Hardwick, Ms Swanson, Ms Bligh, Ms Boyle, Ms Kirby, Yung, Mr Fry and Mr Wiebe' This is the 3rd design to be presented for a structure at 3701-3743 W Broadway. I am familiar with all three proposals. The 3rd design is the worst - an oversized waffle dominating the street corner. It would be a blight to the city landscape and would not be a fit for any part of this neighbourhood or any other in the city. Six storys should be the maximum height for a building at Alma and Broadway. There is no regard to site lines, view corridors, shade and density. Already parking is at a premium, image driving west on Broadway with this edifice in your site lines. Infrastructure is another issue. I've attended two community sessions regarding this project, and spoken about my 14 years' experience living next to a dead-end back alley between Highbury and Alma. It is extremely busy, with loud back-up noise day and night. Now, with increased traffic in the area, trucks are having a much more difficult time backing onto Highbury. 3701-3743 W Broadway will have even more issues with a dead-end back alley feeding onto Alma St, which continues to grow as a traffic corridor. How has the ratio of 161 units, to 27 parking spots and 300+ bike spaces been substantiated' I am a cyclist, but I am well aware that not everyone is. The pandemic has resulted in people shying away from public transit and turning to private vehicles. Let's be realistic from a planning pe	Wesley Wenhardt	Wesley Wenhardt	s.22(1) Personal and Confidential	West Point Grey	No web attachments.

The area is heritage and has single family homes directly beside it. This would affect sunlight on the properties additional vehicular traffic in an already dense area. If this building were to be considered, it should comprise like the rest currently going up; 5-6 stories MAX. I understand that there is a need for rentals and further housing, but not with a building in this size and in this area. If a building in this magnitude gets approved, this sets precedent for all other developers to take aim and tear away the beautiful originality of Kitsliano. I strongly oppose to this and seriously hope that City of Vancouver take into consideration these comments as I am not standing alone.	Josh Bach	Mr Josh Bach		Kitsilano	No web attachments.

I live in the neighbourhood with a child with ASD, it is overwhelming to go out and walk in between tall buildings, we avoid downtown because of that. Please don't make this area look like that. I understand we need more rental units for people, but the size and height of the buildings have an impact also in how we use the area, traffic, noise, sun light, and people with mental health issues who live a few blocks from there. 	Name	City	Comment
1	Barbara May	Vancouver	"Westbank is a huge development company that holds more sway over cityhall than do many of the citizens who voted the current council in. If approved this opens the floodgates for many such similar projects and could potentially lead to the loss of our beloved community."
2	Joanne Ogilvie	Vancouver	"Too big! Ugly as hell! Leave our neighborhood alone."
3	jj Fahrni	Vancouver	"This building proposal is far too enormous and too dense for the area. A 5 to 6 story building (that was first proposed) could be discussed - not this megalith. I stayed a long time at the event and spoke to nearly every person who was there between 5 and 8pm. Not one person I spoke with other than one or two company spokespeople thought this could even be considered. Quite the opposite. Every person agreed it is far too enormous and too dense. Many who live nearby were livid and had to exercise restraint from losing their temper at the thought that this was being proposed for their neighbourhood. Unfortunately some were so furious they were unable to sit down and write a response on the supplied paper. The West Pt. Grey Community Vision was approved by City of Vancouver in 2010. This proposal does not even nearly comply.Come on, you have to agree that this is ridiculous."
4	David Fine	Vancouver	"I support development at this corner, but this building is an aesthetic middle finger to the neighbourhood and is divisive. Providing affordable units which are a mere 300 sq ft is ridiculous as well."
5	Sal Robinson	Vancouver	"A too-tall structure with too-small dwellings, setting an ugly precedent."
6	Paula Brink		"This is ugly- looks like a Soviet era incinerator. It's too tall for the neighborhood and 300sqft units are ridiculous chicken coops- if more student dorms are needed then UBC should build them."
7	Shannon Blakeman	Vancouver	"This development does not fit with this community at all. It is way out of scale and proportion to the streetscape. Developer profits should not take precedence over community planning!"
8	Claudette DePape	Vancouver	"Peter Humphrys"
9	Patrick Condon	Vancouver	"Because the social benefit is inadequate and the 5.3 proposed FSR will pour gasoline on the land price speculation dumpster fire already forcing up rents in the area."
10	Deb Rhodes	Vancouver	"This project does not fit in with or complement the wonderful character of Kitsilano. The City should be cognizant of a neighbourhood's character and needs - and not pander to the ugly and out-of-touch buildings developers want to drop into established neighbourhoods. Shame on the developers and on the City for approving these atrocities."
11	Olivia Edwards	Vancouver	"This ugly monstrousity is too high for the neighbourhood. The design doesn't fit in, and it supplies housing that is too expensive for the "missing middle". This area needs more housing for students and for those with incomes of maybe \$25k to \$50k and not \$30k to \$80 k."
12	Ursula Litzcke	Vancouver	"This proposed building does not tie into our neighbourhood on any level like size, shape, appeal."
13	Ricardo quintal	Vancouver	"Enough towers. Re-think density."

14	Mark Macarthur	Vancouver	"I'm all for attempts at improving density in the neighbourhood while keeping the local character - but concentrating 14 stories of stacked, rusted shipping containers selling at market value doesn't seem to be trying very hard."
15	Joan Cawsey	Vancouver E	"I am in favour of dendigicstio"
16	Michele Satanove		"This building is totally out of character for the neighbourhood too big and stupendously ugly. It's shocking that it's even being considered for approval. Please don't contribute to the uglification of the beautiful City of Vancouver."
17	Andrea Baxendale	Vancouver	"City Council has budgeted \$5million for a city plan. We need to stop spot zoning and proceed with that plan including input from neighbourhoods. Developments like this are only benefitting developers. Vision was voted out of council and yet city staff continues to implement the agenda of previous council."
18	Eric Levy	Vancouver	"This proposed structure will dwarf ambient buildings, and congest the very limited number of local roads with vehicular traffic, in addition to the thousands of vehicles owned by the thousands of people soon to inhabit the deforested and densified areas of Pacific Spirit Park and the Jericho Lands.But the densification does not stop there, as the entire region is being transformed into a high-crime Transportation Corridor, hazardous to human habitation, yet choked by it. Is Council aware of the consequences of its own policies — I mean consequences beyond the fabulous enrichment of developers? Does Council think of anything beyond "squeeze, densify, congest," for the purpose of developer profit?"
19	Cynthia Stout	Vancouver	"This is way too high and inappropriate for the neighborhood. If you need more housing density why don't you start with the empty sight at 37th and Main Street that hasn't been developed in more than 10 years or a huge site Of social housing was demolished. This does not fit the community plans or Heritage conservation concepts"
20	Roberta Olenick	Vancouver	"Totally opposed to this inappropriate proposal."
21	Melody Mason	Vancouver	"I have rarely seen such an ugly building. It dominates the surroundings ."
22	Geoffrey Carr	Vancouver	"It fails to stick with the community vision, and exceptions tend to become the rule."
23	Elvira Lount	Vancouver	"Too ugly, too big, too unaffordable!"
24	Eric Pow	Vancouver	"After spending hours and hours of my own time to assist in creating the Vision plan in conjunction with the city, I find these violations offensive. The bureaucracy and administration of the city have nothing but disdain for the very taxpayers who pay their salary. This building is too big and oddly way too ugly. Clearly the city electoral system needs to be reformed to a ward system and much more attention paid to the will of teh taxx payers."
25	Hans Schneider	Vancouver	"It looks like a Prison, as ugly as it gets"

26	Ken Hughes	Vancouver	"I am not opposed to densification, especially if it improves the housing situation for lower income residents, but not a building like this! This proposed building is plain ugly and too high. I agree with the idea of the original proposal for a six-storey building."
27	Carmelita Carlberg-Na	Vancouver	"Please do not destroy neighborhoods by erecting high rise buildings where they don't belong."
28	G Loewen	Vancouver	"I'm signing because community matters. This eye sore of a building is right in the middle of a lovely treed, quiet street. It will destroy the residential area beside it. As well, it only has parking for 1/3 of the residents, meaning that the already limited parking will be pushed even more, filling the residential streets with cars."
29	Denise Dinsdale	Vancouver	"I am signing because the proposed design is totally out of character for the neighborhood. It is an eyesore."
30	Michael Ward	Vancouver	"This building will be completely out of line with its surroundings. The problem is that if the city approves this one it will be precedent setting: The whole area around Broadway and Alma will start having uber-high towers akin to what is going on near Marine and Cambie. This will be the driving force when the train line is built with a major stop at Broadway and Alma."
31	judy vick	vancouver	"I am signing this petition because this building is too tall and the 6 story would be better for the area."
32	Brian Bosworth	Vancouver	"This violates the community neighbourhood plan and is just more Vision madness.  Even though that party was crushed, the "planning" bureaucrats just keep on keeping on."
33	William Boden	Vancouver	"THIS IS WAY OUT OF PROPORTION TO THE NEIGHBORHOOD"
34	Gwyneth Edgcumbe	Vancouver	"Scale is out of keeping with neighbourhood character in Kits and PointGrey. Buildings should not be higher than tree canopy. Thank you"
35	Mary Tataryn		"We don't need anymore condo towers!"
36	Susan Curtis	Vancouver,	·
37	Edith Dullaghan	Vancouver	"The area will soon have three towers going up on ministry land several blocks away. This somewhat fulfills the need to support more rental allocation in the area. Currently I often have to wait for three buses until one has room. We can't support more people for transportation to UBC."

38	Larry Cook	Vancouver	"This proposal is grossly out of scale, height and character with our surrounding neighbourhood. "Transition" in height and building massing to its immediate neighbours and streetscape has been completely ignored by this proponent. I note various technical issues with site parking access and, generally, the lack of parking. As a resident (a block away on W8th), I can attest to the existing parking problems which will be severely increased with this proposal. The previous 6 storey approved proposal of 2015 was by far a superior fit to this location. Although I agree with increasing rental accommodation, 80% of rents at current market rates (\$2000+ for a 1-BR and \$3000+ for a 2-BR) is not a roadmap to affordability! I cannot support this proposal."
39	Scott Urquhart		"Because this city is being over run by developers and development that no one can afford. No to this building and No to all the highrises along Kingsway!"
40	Paul Rowe	Vancouver	"There is no limit to building height when it comes to maximizing profit on any land in Vancouver. Greed has no limits if regulations are not respected. Please have respect for the existing neighbourhood and and the neighbourhood vision set out and approved by Council in 2010. I absolutely do not agree with this development or any other which does not respect common sense density in existing neighbourhoods."
41	Eva Mai Allan	Vancouver	"14 stories!? TOO TALL for the neighbourhood. looks kind of ugly too."
42	Greisman Paul	Vancouver	"Four stories, not towers."
43	Carol Reid		"Butt ugly building, go away"
44	Lesley Belanger	Vancouver	"This will set a precedent for more development this size, and I do NOT support this rezoning."
45	Albert Meister	Vancouver B	"This building is too big. Maximum 6 stories in this these neighborhoods."
46	Albert Meister	Vancouver B	"Only buildings with maximum 6 stories should be allowed in these neigborhoods. 100% secured rentals."
47	Albert Meister	Vancouver B	"Soizick Meister"
48	Albert Meister	Vancouver B	"This building is ugly. Only buildings with maximum 6 stories and 100% secured rental should be allowed in these neighborhoods."
49	Paula Maisonville	Vancouver	"Not only is the building way too high for the area, it looks like a prison made out of scrap metal. The City needs to respect the neighbourhood character and stick to the previous design of 6 stories maximum."
50	James Feeney	Vancouver	"I'm signing not because I totally disagree with the idea of providing low rental accommodation, but because I agree that the height needs to be reviewed and because the building as currently designed will be an eyesore and will not age well (rust is never attractive)Marie Feeney"
51	Frances Herzer	Vancouver	"This building is an affront to the neighbourhood and to the people who live in it. It is unwelcoming and unwelcomed."
52	Ian Migicovsky	Vancouver	"Too big, too ugly, too unaffordable."
53	Evelyn Jacob	Vancouver	"I don't mind a rental building in this spot but I do mind a 14 storey tower. This building should be no more than 4-6 storeys as per the current bylaws in the area. We want to keep Kitsilano a distinct neighbourhood!"

54	Mary Swaffield	Vancouver	"A 17 story building in that area is not acceptable. Consider heights that are 4 story.
			With retail instead"
55	Aneesh Varshney	Vancouver	"Stop"
56	Stephanie Kraft	Vancouver	"The zoning and community plan do not support this."
57	Peter Rose	Vancouver	"Because this proposal is completely, utterly inappropriate for this location. It is akin
			to a developer's middle finger raised to anyone living in and loving this
			neighbourhood. There is nothing remotely this high in the vicinity and it would set a
			precedent showing that anything goes as far as development is concerned, scale and
			appropriateness be damned."
58	Andrew Bobyn	Vancouver	"A tower is over-scaled and completely out of context in a residential
			neighbourhood. This will dwarf the neighbouring buildings and homes and help
			destroy the character of our area. Secondly, there are only 53 parking stalls for 153
			units. Even with an eventual subway, the surrounding area will be flooded with cars -
			all searching for parking."
59	Andrew Bobyn	Vancouver	"A 173' high tower is over-scaled and completely out of context in a residential

60	Robert Gelfand	Vancouver	"It is going to set a precedent which will make traffic way worse in residential

61	Wendy Krasovec	Vancouver	"Too big and out of character for the neighbourhood."
62	Derek Christiansen	Vancouver	"Enough is enough it is one thing to go 4-6 stories in select areas but to go 14

64 CF	_ Aveyonn _	Vancouver	"Omg lol WTF is this?!"
65	Tony Roberts	Vancouver	"a 14 floor tower here is not required with thousands of units coming online at Jericho Lands."
66	Stella Leung	Vancouver	"Not the place for a 14 storey tower! Let's retain the charming character in this part
			of the city with a building no more than 4 storeys high. A 14-storey tower, as
			proposed, would change the atmosphere and character of the neighbourhood and
			rob the public of the beautiful mountain, water and city landscape with the presence
			of an out-of-place towering building."
67	Margaret Partridge	Vancouver	"Nope not in my community and neighbourhood! Go build that size somewhere else
			where it fits in. It doesn't here on these lands."
68	Andrew Fielding	Vancouver	"This is totally out of character for the neighbourhood both in scale and design. This
			proposal looks horrible from an aesthetic perspective and is way too big for the
			area."
69	Mike Woodbridge	Vancouver	"This proposal should be part of a considered plan for the area. Not being reviewed
			in isolation as it is"
70	Al Dexter	Vancouver	"This type of tower will devastate the single family neighbourhood."

71	C Giesbrecht	Vancouver	"A tower this big doesn't belong in this area, as mentioned - it would tower over the tree canopy. It would be an absolute eyesore as well (if the current design goes ahead - aesthetically, it is horrific!)I'm very concerned that if this one is built, before long these big ugly towers will be all over our neighbourhood. It should definitely be redesigned and limited to 4 storeys."
72	Karen Fung	Vancouver	"I support creating more affordable housing and higher density but not with the proposed 14 story building. The design completely ignores the aesthetic of the surrounding area!"
73	Ben Cherniavsky	Vancouver	"They are going to shove this down the community's throat! Since when do councillors actually listen to their constituents? Developers get away with murder in this city!"
74	David Bourgoin	Vancouver	"I am not opposed to height, I just find the building repressive to look at and I can't imagine being in and looking out through barred windows and balconies. Terrible look and if it had maybe been more aesthetically pleasing and welcoming instead of looking like a prison wearhouse, then maybe this would not be an issue. I am all for more rental, just don't make it so awful, sorry I just don't care fro the look."
75	Marina Ibrahim	Vancouver	"Any building in this neighborhood should not be more than 4 storeys. I reject the proposed rezoning. It is distasteful, greedy, out of character for the neighborhood, harmful to existing residents who have already settled in the neighborhood.  @CityOfVancouver: I trust you will listen to all those voicing their rejection to the proposed rezoning."
76	Stacey Herzer	Vancouver	"Too tall, so very ugly and definitely not enough parking to support all those added units!"
77	Margie Gray	Vancouver	"How is this even possible given the hoops I had to go through to fit in with streetscape when I built my last home? Furthermore, It looks NOTHING like the look and feel of a greener Vancouver."
78	Nicholas Swindale	Vancouver	"This building would look ridiculous anywhere. It is completely inappropriate for the area. My impulse is to shove some newspaper under the pile of sticks and light it!! have lived in Dunbar, close to this location, for nearly 20 years."
79	Michael Zhang	Vancouver	"I'm signing because it's inappropriate to build a 14-storey mixed-use tower in the Alma & Broadway location."
80	Norman Cousins	Vancouver	"Way too big and out of proportion for the neighbourhood."
81	Danny Lescisin		"Let's protect the character of Vancouver. Why do we have to keep bringing in thousands of more people then say we have to provide housing for all of them? We are ruining Vancouver!!"
82	Natasha Davidson		"A healthy place to live is really important and such an intensive structure is not healthy for humans nor is it appropriate to allow one development to use up all of an areas potential for increased density. As increased density has huge implications for increased demand and needs."

83	Tomina de Jong	Vancouver	"This project is over the top in terms of floor space and height. And is the City now a housing administrator of rents?and soon to be an indirect administrator of building upkeep since rents and upkeep go hand in hand (?) So the developer will reap profits and run and the tax payer will have the burden. This is a bonanza for this builder and the architecture looks like a bit of a jumble!"
84	Brigitte Castellan	Vancouver	"Densification does not need to destroy a neighbourhood."
85	Ted Sebastian	Vancouver	"The proposal is a dramatic over reach which delivers very limited benefits but substantial community impacts. It is also dramatically out of character with the surrounding form of development and appallingly unattractive. Reject it or send them back to the drawing board with a five storey maximum and no requirement for ground floor retail."
86	Nancy Woodham	Vancouver	"This action is eroding our neighbourhoods. No!"
87	Michael Savage	Vancouver	"Far too large for surrounding area. Will negatively change the character of the area, when there are other less intrusive ways to provide rental accommodation."
88	Andrew Bartlett	Vancouver	"I live on 12th Avenue between Dunbar and Collingwood. I pay a monstrous mortgage and some of the highest property taxes in Canada. I am weary of being ignored, disregarded, abused and neglected by Vancouver City Hall. I am ripping mad. I want them to stop. To stop and listen to the taxpaying citizens they so openly despise."
89	Florence Doidge	Vancouver	"Affordable housing is essential, but a 14 storey building in this location is a mistake. There are other buildings in the PT Grey/ Dunbar/ Kitsilano area with fewer storeys, that provide housing of various types without overwhelming the neighbourhood. I also wonder why a building with business/ commercial space is proposed or acceptable, when even before Covid19, small businesses were struggling or failing all over the city."
90	Joanne Webster	Vancouver	"Totally understand the need for increasing density in this location, great access to transit, the beaches and park land, is a fabulous area to encourage sustainable units designed for young families, couples etc who can become part of the neighbourhood. The proposed design is about the ugliest the thing from a design perspective I have seen. It is totally out of character with the neighbourhood, and don't even get me started on the 14 -17 story actual height. What happened to the proposed 6 story height on arterial routes."
91	Nancy Woodham	Vancouver	"I participated in the planning back in 2010. This was not part of the community plan and blatantly ignores it. It effects me because our house is within the zone for changes."
92	Susan Yee	Vancouver	"The density is too high."
93	Andrew Bobyn	Vancouver	"This tower is completely out of scale with the residential neighbourhood where it is being proposed. It is an inappropriate building type for that area, and belongs more downtown, or an a central business district."

94	Lyn Stewart	Vancouver	"No to development west of Alma! for all the reasons to oppose development in West Kitsilano the same reasons apply. Homes provide affordable housing under \$750. month and keep young people, families and low income people, ie. mixed diversity in our neighbourhood. Apartment corporations are heartless and rents are too high and go up every year. thus, rents in Apartments are not affordable for the majority of renters. Keep livability and green space by opposing rezoning!"
95	jen wright	vancouver	"Developers need to stop destroying neighborhoods"
96	Denyze Toffoli	Toulouse	"This is the neighbourhood where I grew up. I don't want to see it totally disfigured."
97	Marina Al	Vancouver	"Any updates? We don't want it to be approved silently during the pandemic?"
98	Lindsay Mitchell	Vancouver	"Viva WPG siempre!"
99	Corinne Campbell	Vancouver	"It is a oversized ugly building that sticks out like a sore thumb by not fitting-in with
			the rest of the neighbourhood. And parking will likely be an issue."
100	Carol Taylor	vancouver	"This building is way too high for this area."
101	Mary Downe	Vancouver	"This building is totally out of keeping with the neighbourhood.It is an ugly, badly
			designed monstrosity."
102	sandra baker	vancouver	"I'm signing because I'm fed up with teams of greedy people intent on turning this beautiful city into an ugly place."
103	Susan Harman	Vancouver	"It's too high and too ugly. Would definitely change the character of the neighbourhood for the worse."
104	Joan Bunn	Vancouver	"I agree that this project is totally unsuitable for this site and is also out of step with council's 2019 commitment to listening to citizens in planning what happens within our city and our neighbourhoods."
105	Pauline Tolan	Vancouver	"I can't believe I hear through the various associations that I signed up for about the proposals the city plans to implement. The communication by city hall and parks board is not ideal as many people would never know what is going on. Seems like few people are calling the shots without people knowing what is going on in their own backyard. Even if I live blocks away, this impacts my neighbourhood. Perhaps zoning for a smaller structure be considered instead of some tall high rise if we want to increase density?"
106	Trista Flak	Vancouver	"Keep the big city in the downtown"

107	Dorothy Simons	Vancouver	"This building is ugly and inappropriate for this neighbourhool. In increasing density here, buildings heights should be a maximum of five stories and further set back from the street than is suggested in this proposal. While current conditions do not allow for open meetings with an opportunity for all to hear explanations from professionals and to also hear each others' questions and opinions, such meetings have been seriouysly missing from Vancouver's planning process for many years. The pretend meetings we have had from the planning department in recent years consisted of poster boards and individuals lining up to speak to a handful of representatives who do listen politely. I have attended these 'meetings' and given my opinion, but assume that my opinions and wishes dissipate on the spot. My sense of this city's planning department is that they prefer this type of gathering so that it can be maintained that they have given information to the public and presumably given us a chance to express outselves."
108	Matthew Lorincz	Vancouver	"Does not seem at all appropriate, given the scale of the buildings nearby, to say nothing of the rest of the neighborhood. half this height more like it."
109	maggie burtinshaw	vancouverbo	"Architectural blight and destroyer of community! Contrary to environmentally desired footprint in the neighbourhood! Copy of disaster at Knight Rd & Kingsway where the local residents name it THE FORTRESS! Akin to developers demand for windowless bedrooms to satisfy profit GREED!"
110	Karen Ann Mott	Vancouver	"Nothing about this project makes sense at this location. Not only does the height not fit into the existing family neighbourhood, it would make the traffic and pedestrian congestion on this busy corner so much worse than it already is. It's an ugly buildingVery bad planningand revisions from the original submission are so minuscule they're laughable. No No No!"
111	Paula Terrio-Boyd	Vancouver	"I'm signing because this proposed structure is grossly oversized for the area. It is planned to be well over tree top canopy height and is more suited to a downtown location and not a residential neighborhood such as West Pt Grey. Does not suit the feel of this old neighborhood Where I have rented for 30'years."
112	Steve Webb		"Lowrise yes, Highrise No! Look around the neighbourhood and identify the elephant in the room"
112	Lara Fox	Vancouver	"It is too large for this community"
_	Ward Stirrat	Vancouver	"Tall & sprawl is not a solution"
-	Marne St claire		"Man that idea is SO out of place! So ugly. Who is the architect? What happened to
			the great traditions of Bing Tom and Arther Ericsson?"
116	Alice Caldwell		"I lived in that neighborhood for many years, and will likely move back. Listen to the people who live there!"
117	Steven Duff		"This thing is an eyesore and an example of car-crash architecture. Is it that impossible to create something that serves a purpose but is not an offence to the eye?oe"

118	Bill Gough	Vancouver	"This is a terrible building - congestion-generation and ugly. Why are we turning Vancouver into a city of ugly and overcrowded buildings. In a pandemic age, having these encapsulated units all within a vertical interface designed to bring people up and down, means the high rate of social interchange in ways that clearly is wrong in our new era. We can no longer say 'yes' to the very thing that kills a city."
119	Leona Rothney	Vancouver	"UGLY! Too many towers in the city."
120	Dave Webb	Vancouver	"That thing is unbelievably ugly and way out of context for the neighbourhood."
121	Sam Erber	Vancouver	"This tower is way too high and complicated out of place in this neighbourhood."
122	Diana Matrick	Vancouver	"I oppose it."
123	Anne Charron	Vancouver	"Building should be a maximum of 6 stories and stay within community character guidelines as agreed to in 2010. Building design is an abomination for the area."
124	Sean Cassidy		"Clearly the developer is not listening to the local residents concerns, it is out of scale and context."
125	Andrew Bobyn	Vancouver	"This building is completely out of scale and character with it's proposed context.  Point tower high-rise buildings are more suitable in central business districts, not in residential neighbourhoods."
126	Andre Beck	Vancouver	"Vancouver does not need another ugly and overpriced highrise. Westbank continues to butcher the city and it needs to stop ASAP."
127	Grant Foulds	Vancouver	"Totally out of scale and design with surrounding neighbourhood. Take a look at the building across the streetit's a compliment to the neighborhoodnot an eye sore."
128	Cindy Cashin		"I care about homes for all as a human right."
129	karen boykiw	Vancouver	"I'm all for attempts at improving density in the neighbourhood while keeping the local character, however I feel this building is far too enormous and too dense for our neighbourhood, therefore I am opposed to this rezoning application."
130	Roger Huyghe	Vancouver	"Out of character with the community. This is the thin end of edge and will only encourage developers to apply for rezoning on other sites nearby."
131	Eve Munns		"It's shocking! How can they built something as ugly as that. It's a laughing stock."
132	george nalivko	Vancouver	"How much did Westbank donate to City Hall for a development that defies reason?"
133	Gloria Deming Hall	Vancouver, E	"This proposal is alarmingly large, out of context with the neighborhood, contrary to the West Point Grey Vision Plan, and exceedingly ugly."
134	Ellen curran	vancouver	"I strongly object to this building that is too tall and out of keeping with the neighbourhood."
135	J myers	vancouver b	"distractingly unattractive building"
136	Marion-Lea Jamieson		"I'm opposed to Westbank's Fight for Ugly"

137	v durant	Vancouver	"Six story's are sufficient for this location and from an urban design perspective, alight with existing six story buildings. I'm not opposed to height or density but we need to cascade upward onto the dnd land sitting next to RS1 zoning. Also, this is an
			atrociously ugly building."
138	Nick Matias	Vancouver	"density sb focussed at Broadway and MAcDonald which has multidirectional bus service plus existing commercial operations that can be expanded with greater access East to Skytrain, North to Kits and downtown, West to UBC, and South to Keeisdale and SW Marine Dr."
139	Andrew Hosking	Vancouver	"Completely out of context of the surrounding residential area. this area is already traffic congested - build roads that will allow an easier West-East flow to UBC before sticking massive eye-sore towers in where no one wants it."

City of Vancouver

Dear Mayor Stewart and Council,

Re: Petition Submission - CD-1 Rezoning: 3701-3743 West Broadway, at Alma St. Report: <a href="https://council.vancouver.ca/20201006/documents/rr-5.pdf">https://council.vancouver.ca/20201006/documents/rr-5.pdf</a>

West Point Grey Residents Association (WPGRA) is **opposed** to this MIRHPP project.

This letter is to submit the following petition signatures and comments. Please see attached.

We initiated a **petition** "No Tower @ Alma & Broadway".

https://www.change.org/p/city-of-vancouver-officials-no-tower-alma-broadway-8a0720b9-c539-4a06-9f05-012b581f259d

Currently, there are over **3700 signatures** and this number continues to grow. This demonstrates there is significant opposition to this project that is within West Point Grey and on the border of Kitsilano so would set a huge precedent for both of these neighbourhoods.

The petition says as follows:

This petition requests that the City of Vancouver does not approve a tower for this site and instead keeps development within human scale, below the tree canopy and within the character of the existing local community. This commercial mixed-use site should remain within existing zoning of 4 storeys, or at the most, not go higher than the 6 storeys as an incentive for 100% rentals that the developer originally proposed.

The attached list of signatures is partial as it has grown since it was downloaded, but those submitted are as follows:

- Listed signatures of 3575 (more to come)
- Individual personal comments 139

Yours truly,

West Point Grey Residents Association (WPGRA) Board of Directors

RE: Item 7: 3701-3743 West Broadway October 27, 2020

To Mayor Stewart and City Councilors

West Kitsilano Residents Association (WKRA) opposes this rezoning.

There is strong opposition to this building in this location, as evidenced by the "No Tower at Alma & Broadway" petition that currently has approximately 3,000 signatures and counting.

The current rezoning application of 172 ft., 14 storeys (equivalent to 17 storeys), and 5.3 FSR is not appropriate for this site. Instead, the previous 2015 rezoning application (that is now on hold) for 100% secured rental housing in a 6 storey building on this site should be reconsidered.

The proposal is largely premised on expectations that a multi-billion dollar Broadway Subway extension to UBC will actually be funded and built and that a station will be located adjacent to this location. Given the degree of uncertainty about the future (reductions in transit use, budget issues that may reduce public funding for subways, the shift to remote learning and working, changes in mobility technology and habits, and physical distancing practices) and implications of COVID-19, there is no assurance those expectations will be realized. The Subway requires very high ridership to make it viable. Due to the above changes, it is likely that an LRT network will be more feasible. An LRT network would also better meet the goal of connected neighbourhoods which is part of the provisional goals of the Vancouver Plan. Without a Subway station, this building becomes even more out of place. New directions should not be set in the scale of development without a more complete plan in place for the Alma/Broadway/Tenth intersections.

The proposal is being applied for through the MIRHPP program, which trades height and density bonusing for limited affordable housing benefit. This proposal would set a huge precedent for both West Point Grey and Kitsilano. While situated in West Point Grey, this precedent-setting development would affect future development in both neighbourhoods since it is located on their boundaries. It also sets a precedent for the forthcoming development in the Jericho Lands, which lie only one block to the west. The recent revised application has not addressed the main concerns as detailed below.

MIRHPP Policies includes requirements under section 3g. which must be met in order to get additional floor area and height, including urban design and policy requirements as follows:

#### Additional Considerations:

- Projects must consider and respect transitions to surrounding areas and homes.
- Neighbourhood context is an important consideration. In single family and duplex areas, projects in areas with existing precedents for higher buildings will be considered more appropriate locations for additional height and density.
- Policy direction in plan areas must be respected (e.g. Marpole, DTES, West End, Grandview-Woodland, Joyce Station Area, Cambie Corridor, Oakridge Transit Centre, Broadway).

The subject rezoning application is at odds with these considerations as follows:

- It is physically impossible to reasonably transition from the proposed height of 172 ft. and 5.3 FSR to the surrounding areas and homes.
- The subject rezoning application for a tower of 172 ft., 5.3 FSR has clearly failed to give adequate consideration to neighbourhood context.
- This application is in conflict with the West Pt. Grey Community Vision, which was approved by City Council in 2010.

We also are opposed because:

\*The proposed building does not meet the rules regarding height which is to be up to fourteen storeys in C2 areas at arterial intersections and up to 6 in RS areas which comprise part of this site.

\*It does not meet the rules regarding the arterial intersections because Broadway west of Alma is not an arterial.

\*It will severely overshadow the multi-family buildings to the north reducing the livability of these areas.

\*It is a massive and over bearing design that maximizes apparent bulk and dominates and overwhelms the street.

\* The financial incentives in the millions of dollars in addition to the huge density bonuses being given are not clearly justified by the housing benefit provided. This level of public subsidy requires more transparency regarding the financial benefits being given to the developer.

\*Its use of excessive amounts of concrete means that its carbon footprint will be very large. Wood structures increase environmental sustainability.

\*With 35% family housing, if even each family unit has one school age child, this one development will use up almost half of the available 2027 school capacity.

The City should not proceed with the current proposal since it does not conform to the MIRHPP requirements and should instead encourage the applicant to revisit its prior six-storey proposal. Recent precedents along West Broadway (e.g. the Parthenon building at Balaclava Street) for secured rental developments are a good model for a neighbourly scale and design, with appropriate setbacks for wide sidewalks and outdoor seating.

Please reject this rezoning.
