01/27/2021	15:11	PH1 - 4. CD-1 Rezoning: 728-796 Main Street	Other	<p>While I support the development in general, I am concerned about the potential destruction of historic commercial heritage in the form of painted advertisements (currently partially obstructed) on the North-facing brick exterior of 730 Main street (which is currently directly contiguous to and visible from my balcony - I am a resident / owner of unit § 22(1) Personal and Confidential I love the brick wall and associated colour and would like to see it retained / preserved for historic and aesthetic reasons. I am also concerned with the potential removal of trees on the East side of the 700 block of Main which provide much needed colour and character to the block - but also house a returning / nesting family of crows that has lived in the tree outside of 730 Main for at least the last eight years during which I have lived here. I look forward to the improvement of commercial and social activities on the block and hope that a full-service market will find a spot there, along with other services and suppliers, but I do worry about this being achieved through the destruction / removal of our every-dwindling commercial heritage and history as well as removing much loved trees and wildlife. I'm attaching an image from my balcony that shows both the commercial heritage represented on the brick wall as well as the bird's nest in the tree (the nest is circled in red).</p>	Kelly Nicoll		<p>§ 22(1) Personal and Confidential</p>	Hastings-Sunrise	Appendix A
