02/08/2021	12:54	PH2 - 1. CD-1 Rezoning: 1766 Frances Street	Support	I have been a tenant at this location since 2000 and up until the fire. I am currently a temporary resident in a building down town. I have been waiting to move back to Frances Street. I don't belong in the area where I am temporarily located. So, whatever the decision you come to, I support. A new building would be fine, but the process is taking far too long. It needs to get done	Eliza Martin		s. 22(1) Personal and Confidential	Unknown	No web attachments.
02/08/2021	13:50	PH2 - 1. CD-1 Rezoning: 1766 Frances Street	Support	Dear Mayor and Council. I am writing to indicate that I am fully in support of this VNHS led indigenous housing initiative that will provide important and necessary housing to meet the needs of indigenous families living in Vancouver. I am a retired social worker with over 40 years experience, mostly in East Vancouver, and I know the importance of providing families with good, solid, culturally appropriate housing that is connected to important family supports such as the planned on site pre and after school care for children that will be operated by the BC Aboriginal Child Care Society. Keeping families housed and supported are essential components that strengthen families, build community and encourage and engage children as they move through key phases and stages of their lives. Through their partnership with Pacific Community Resources Society/Broadway Youth Resource Centre at their Broadway and Fraser site, Kwayatsut, VNHS has shown commitment and ability to provide tenants with integrated, appropriate and responsive supports to meet tenant and community needs.
