03/01/2021	14:06	PH1 - 4. CD-1 Rezoning: 5910-5998 Cambie Street	Other	<p>Our family owns a home at: s. 22(1) Personal and Confidential We are very concerned about increased traffic as mentioned at page 14 of the Referral Report: Traffic: Increased traffic and overall traffic congestion is a continued cause of concern as more projects get approved along the Cambie Corridor and surrounding streets will be impacted as a result. Our primary concern is the lane to the south of us (between West 43rd Avenue and West 44th Avenue). The only provision we could find (let us know if there are more) addressing our concerns is at Appendix B of the Referral Report, page 20: (m) Provision for speed humps in the lane south of 43rd Avenue between Cambie Street and Alberta Street and speed humps in the lane east of Cambie Street between 43rd Avenue and 44th Avenue. Please advise how that will stop increased traffic in our lane when there is a hotel at one end which will constantly have people being dropped off and deliveries being made.</p>	Deborah Rota	Homeowner	s. 22(1) Personal and Confidential	Unknown	No web attachments.
