Amendment to Downtown Official Development Plan – Area K3 (Granville Street)	Support	Hi, I generally support the idea of development in the area since most buildings are really old and Granville and the surrounding area would benefit from a "facelift" of Granville Street. However, I recommend that this bylaw applies to building built before 1930. 90% of the buildings in the area are built before 1930 and are well past its economic life. The area would benefit if these buildings were knocked down and turned into new housing and commercial buildings. This would breath new life into the area. It is not feeling safe anymore. Too many addicts and homeless.	Angi Webber	Angi Webber		[REDACTED]	Downtown	No web attachments.

Amendment to Downtown Official Development Plan – Area K3 (Granville Street)	Support	I've heard that there is some opposition to more social and rental housing (up to 3 FSR) between Drake and Helmcken. I'd like to express my strong support for it. In fact, I'd say raise it to 20 FSR for social housing. More social housing is always better. Housing that can be provided a mix of unit sizes and for ALL income levels is important to a full and inclusive community. Thank you.	Talia Kerr	Talia Kerr		[REDACTED]	Downtown	No web attachments.
