03/11/2021	22:50	PH2 - 3. Amendment to Downtown	Oppose	I am against increasing 'no income' housing in the area. Business in Granville corridor and downtown need income earning housing to be viable. Citizen in the area are also concerned for their safety and do not want to risk possible homicide of an elderly lady in Vancouver.	Ali Shahbaz			Downtown	No web attachments.
03/11/2021	22:53	PH2 - 3. Amendment to Downtown Official Development Plan – Area K3 (Granville Street)	Oppose	Dear mayor and council, My wife and I are both seniors and we strongly oppose the development of any more social housing buildings and projects of this sort in downtown. We have been residents of the downtown community since 2005 and have seen the community become less safe over time with higher crime and vandalism. It used to be safe to walk downtown in the evenings; not so much anymore. Please use the City's resources to revitalize and refurbish housing in the Downtown Eastside where the need is most required rather than distributing injection sites and social housing with people with addictions and mental illnesses throughout Vancouver. This is creates a very unsafe environment for constituents while not addressing the problems stemming from the Downtown Eastside. Thank you for your consideration.	Mohammad H. 03/11/2021	23:05	Amendment to Downtown Official Development Plan – Area K3	Oppose	Regarding the addition of more social housing - Vancouver has steadily become less safe in the past few years; much more noticeable in the past two years which is very concerning. I lived in the Vancouver community for years before moving as my partner didn't feel safe with the constant break-ins in our building and harassment. The safety of residents matter and Vancouver needs a much needed reconsideration of it's plans and focus as things have gotten worse. Please address the downtown east side first and foremost before building social housing throughout the local region.	Amin Shahbaz			I do not live in Vancouver	No web attachments.
03/20/2021	10:07	PH2 - 3. Amendment to Downtown Official Development Plan - Area K3 (Granville Street)	Oppose	I am all for social housing and supporting the less fortunate and those in need but I am strongly against changing the Granville zoning. I live one block away and ever since the purchase of the Howard Johnson Hotel the streets are not safe, crime has gone up, there are needles everywhere the City is not doing a proper job of assisting at all. Purchasing and rezoning land along the active retail and entertainment districts does not protect and preserve Vancouver, nor does it keep young adult safe when nightlife entertainment comes back. It is destroying retail broken windows, shattered glass. There are better spots in the City for social housing additionally, this proposal is in complete contradiction of the Granville Revitalization Policy Program this is a counter productive idea and should not be passed.
