04/14/2021	21:47	PH2 - 4. Amendments to the Zoning and Development By- law to Increase Social Housing in the RM-4 and RM-3A Zoning	Other	I am supportive of eliminating the rezoning application process for truly affordable non-profit housing. However, the city's lack of definition on 'social housing' makes it difficult to support this motion. The current definition seemingly only requires 30% of units to be affordable - even then, 'affordable' is not defined. This motion should be changed so that social housing is defined more clearly. Also, bypassing rezoning to a max of 6 stories does not go far enough - we need far more affordable housing than that if we want to bring affordability and renter stability.	bridgitte taylor		s. 22(1) Personal and Confidential"	Kitsilano	No web attachments.
