Strong public realm that makes the stores accessible to pedestrians really adds to the community. And housing on top is terrific because we are in a major housing supply shortage. This is a 15 minute city development where many of the residents won't need to buy a car and pollute, they can walk or bike to the essentials. We need more projects like this, and not just on arterials - we should be building these several blocks deep on quieter streets. I strongly support. CD-1 Rezoning: 8655 Granville Street	Support	The height is suitable, and it is in city's OCP specification, location is very superior, There needs more high residential building nearby. I'm very interested.	yingxue xu		s. 22(1) Personal and Confidential	Marpole	No web attachments.

The whole community will be more dynamic.	Vincent Ding		s. 22(1) Personal and Confidential	Marpole	No web attachments.
