If they build it, then at least 30 feet shorter, several stories less.	shahin nabi	resident at robson and homer across street	s22(1) Personal and Confidential	Downtown	No web attachments.

CD-1 Rezoning: 450 West Georgia Street and 712-732 Richards Street	Oppose	I am a resident of s22(1) Personal and Confidential , I am appalled by the proposition to build tall building in addition to an already overcrowded space, we have lived here for the past 3 years and suffered from the stress of the noise and air pollution of the constant building of the 3 buildings right in front of us. My balcony is full of building dust and my daughters get woken up every morning when the trucks arrive! Please give us residents some peace.. you have already built into every single space that is available with no addition of any public space or parks, even our back alley has been turned into a bar now.. When would this stop' Where is the city planning and considerations of families who live here	Joo Hee Yim			Downtown	No web attachments.
