The proposed office building simplifies the W. Georgia and W. Richards Street elevations by selectively opening up the ground floor entry for the public and stepping back from the neighbouring buildings on each side, the tower reduces any negative impact on neighbouring buildings. | Barry John Krause | | "s 22(1) Personal d C f d t l" | Unknown | No web attachments. |

Dear Mayor Stewart and Vancouver City Councillors:

Re: Support - Rezoning: 450 West Georgia Street and 712-732 Richards Street

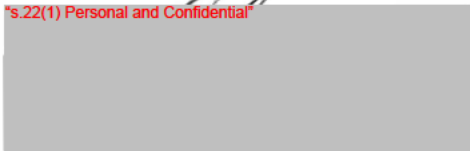

I have been a tenant in the area for many years and fully support the new project at West Georgia and Richards Street. New office towers have proven to revitalise the area and I am excited to see what this project brings to the neighbourhood.

Thank you.

Yours truly,

Capital West Mortgage Inc.
