06/03/2021	16:31	PH2 - 4. CD-1 Rezoning: 2725-2751 Kingsway	Oppose	My nice family neighbourhood is turning into tall apartments and single family homes are being torn down for the past few years to make way for large buildings where no one knows each other. Families that have lived here forever have packed up and left. We don't know anyone in the neighbourhood now other than the few that have remained. This building is going up directly behind me and will block all my sun and I will be staring into other peoples homes, as everyone in that building will be staring at me. My privacy will be gone, my gardens will be gone, my sense of quiet enjoyment will be gone, my freedom from unreasonable disturbance will be gone. You are pushing single families further and further out of this city. Myself, my neighbours will have to move from our homes if this building goes up. There are multiple tall buildings along kingsway already, and they are not imposing on the family homes in quiet neighbourhoods already. We have enough availability already, with many units sitting empty. I am very upset by this building.	katie richardson		s. 22(1) Personal and Confidential	Renfrew-Collingwood	No web attachments.
06/03/2021	23:48	PH2 - 4. CD-1 Rezoning: 2725-2751 Kingsway	Oppose	Disagree high rise building residence at this area due to our area will not get the sunlight. Duke st will be a shady home areas. We need sunlight for our kids play at front yard and also plants. Moreover, the area will be crowd with people, vehicles, etc. Currently we have many new residences construction at Duke St. It's annoying as the street has full parking lots, dusty, noisy. This Duke street will become busy road after those new residences finish. Please consider our concern as this area has many kids and senior people who need a convenient home areas.
