06/10/2021	17:27	PH1 - July 6, 2021 - Regulation Redesign – Simplifying Height Regulations and Miscellaneous Amendments	Oppose	Dear Mayor and Council, I STRONGLY support the position taken by the Coalition of Vancouver Neighbourhoods against Regulation Redesign 'Simplifying Height Regulations and Miscellaneous Amendments as given at the link below. It is totally ridiculous for council to even contemplate sending this 101-page very complex and detailed report to public hearing when it was just released May 28. It will take the public MUCH longer than that to even begin to digest all that is in this report and I expect the same to apply to any councillor doing their job thoroughly and diligently. Please do not just take staff's word for it on this. Review this report thoroughly and give the public a fair change to do the same. This report covers far too much that will have major and lasting impacts on the city to be hastily approved. Please take very serious consideration of the issues raised here: http://coalitionvan.org/posts/2021-jun-8-regulation-redesign-amendments/#more-800 Sincerely, Roberta Olenick	Roberta Olenick		s. 22(1) Personal	Unknown	No web attachments.
