However, I want to add that perhaps a few more floors in height and some commercial space at the bottom would be even better. It's walking distance to what will be perhaps the busiest transit hub of the city (broadway sky train station) so it's a good spot for density. We need housing built so let's get on it! By all means though, either as proposed or bigger.	Samuel Kirk		s. 22(1)	Mount Pleasant	No web attachments.
