09/21/2021	17:05	PH1 - 5. CD-1 Rezoning: 4426-4464 Knight Street and 1406 East 28th Avenue	Oppose	We strongly object to a 6 storey bldg on these properties and zoning change to CD-1. We do not want a 6 storey apt towering over our homes. This structure will ruin the character of our neighbourhood and belongs on Kingsway where all the towers are being built. Our properties will also be devalued as a result of this development. Our neighbourhood has always been zoned RS-1 and we want it to stay that way.
