CD-1 Rezoning: 3449-3479 West 41st Avenue and 5664 Collingwood Street | Support | I support this application because as a small business owner in Vancouver, it's crucial that we have more affordable housing options for staff to live in. Additionally, this City is in desperate need of more rental housing options, especially near transit and accessible amenities. | Ryan Lermite | | Mount Pleasant | No web attachments. |

CD-1 Rezoning: 3449-3479 West 41st Avenue and 5664 Collingwood Street | Support | The purpose of this building is to provide more rental units in Vancouver, which I have found to be a city with very few opportunities for affordable rental. I personally was looking for a rental space this summer. To do so we found that there were very few units available, and that those available were extremely high priced. As a student, I believe that affordable housing is almost impossible to find in Vancouver. Further, I would like to live in Vancouver in the future, but believe that without high density buildings like this one, Vancouver will not have enough housing at an affordable price for me to do so. Simply put, Vancouver needs more high density housing to create more availability and to in turn lower the competitive prices in Vancouver rentals to a range that is affordable for students and young families. | Emma Jeffrey | | Shaughnessy | No web attachments. |
