10/01/2021	09 21	PH1 - 2. Removal of the Alma Street West Side Building Line North of West Fourth Avenue	Support	As one of seven properties affected by this building line, I wholeheartedly support staff's recommendation to remove it from the current bylaw. This line no longer serves any identifiable purpose due to several changes in this area over the years. We appreciate the time and consideration given by City staff to assess this particular section of building line, and being responsive to the property owners that this applies to. 10/01/2021	09 29	PH1 - 2. Removal of the Alma Street West Side Building Line North of West	Support	My husband and I are owners s. 22(1) Personal and Confidential which is one of the seven properties affected by this decades old building line. I would like to thank staff for their review, and appreciate councils support to remove the line in this section of Alma, as it is deemed unnecessary given al the reasons laid out in the recommendation. This will allow owners to utilize their footprints as any other property owner in this area. Thank you	Stephanie Bold		s. 22(1) Personal and Confidential	West Point Grey	No web attachments.
