10/14/2021	18:51	PH3 - 1. Rezoning: 328-360 West 2nd Avenue	Other	<p>I lead a local charity that occupies the site in question. We rescue over 70k pounds of surplus healthy, perishable food each month and redistribute it to over 30 other local organizations through our food recovery program; over 100 food insecure families through our food box program and; after just 2 days, over 200 community members in our pay what you feel market. To address Councilor Hardwick's question, we are paying full (if not above) market rent at over \$12k/month for 4000 sf. I'm curious if efforts will be made by the applicant to help tenants at this site providing crucial social services to the community relocate temporarily and possibly have first right of refusal to move back in upon completion of the new development.</p>	Carla Pellegrini	<p>s. 22(1) Personal and Confiden</p>	Mount Pleasant	No web attachments.
