10/13/2021	17:43	PH3 - 3. CD-1 Rezoning: 4575 Granville Street	Support	Shaughnessy enjoys a high quality of life with great schools, good health care, excellent police and fire departments and access to natural beauty and a variety of hospice choices. An area for improvement is affordable rental housing. Es imates are that as many as two hirds of all Vancouver renters are housing-burdened, spending more than 50 percent of their income on housing. Affordable workforce housing has been a Vancouver wide concern for over a decade, especially as the pace of demand for rental housing has outstripped local housing inventory. We at NIAHC support he proposed affordable housing townhome building on Granville. Adding much needed housing stock and more units of affordable housing for local workers is a welcome part of the solution.
