11/02/2021	11:30	PH2 - 1. CD-1 Rezoning: 110 West 4th Avenue	Support	Bringing new comprehensive development to Mount Pleasant's industrial area will help to support the continued growth of the neighbourhood and Vancouver. By improving the industrial, office, and production spaces available, we're better able to attract and foster both international talent and leading companies. Given AbCellera's plan to utilize this space - a leading biotech company rapidly growing in Vancouver - it's important they're able to have the best space available, especially given the importance of biotech in a modern context. As a resident of the neighbourhood, I hope to see more projects like this taking root in the area that is ripe for expanding the size and scope of industrial, mixed, and comprehensive developments. 11/12/2021	08 09	PH2 - 1. CD-1 Rezoning: 110 West 4th Avenue	Support	I support the rezoning of these low rise areas in central spaces to offer more business space. I hope in exchange that the buildings will have green rooftop spaces that the public might be able to enjoy. For example, building a rooftop cafe with green space would allow people to enjoy the building in ways that industrial or office buildings typically don't benefit the public	Amy George		[REDACTED]	West Point Grey	No web attachments.
