11/13/2021	08:01	PH3 - 3. CD-1 Rezoning: 8460 Ash Street and 8495 Cambie Street		I support the proposed development because we have a serious housing crisis in Vancouver and this project will provide a substantial number of homes. Given its location adjacent to the Canada Line, I would hope that parking spots could be reduced, as we need to encourage people to move away from personal vehicle ownership. Perhaps some parking stalls could be replaced with Modo or Evo spots, as well as shared e-bikes / cargo bikes.	Rhiannon Fox		s.22(1) Personal and Confidential	Hastings-Sunrise	No web attachments.
