12/08/2021	13:06	PH2 - 2. CD-1 Rezoning: 1640-1650 Alberni Street	Support	<p>I have had the pleasure of living at 1640 Alberni street for 8 years with the last few years being managed by Liliana Neblea. I left at the end of August 2020 with mixed emotions but I was thankful for the opportunity to choose. The opportunity to vacate the building came during the pandemic right when my work was cut from 40 hours a week to 8 hours a week so the option to have a payout to help support myself and my daughter was the best news I could have asked for. I hated to have to leave, I made wonderful friends at the building and loved having Liliana as a building manager. Her daughter is the same age as mine so I was fortunate to be able to call their family friends. I always felt safe in my home, felt that it was well taken care of and feel very good knowing that once the building has been rebuilt I will have first right of refusal. I was lucky enough to have a place to move too and appreciate the ample notice and opportunity to speak at an open house in response to the reasoning application. The building could do with a renovation, it would be wonderful for it to be much larger to accommodate more people and I love the fact that I will have the opportunity to move back in at a greatly reduced rate. My only fear is that all these buildings going up will leave no affordable housing in the area. The amazing thing about 1640 was that I could afford it as a single mother. It was so affordable. The move out was easy, Liliana was incredibly helpful and I was paid out right away. I was actually surprised how fast I was paid. It couldn't have come at a better time. I definitely support and upgrade to the building, I support Liliana and the building for how they handled the move out with respect and great communication. I will mostly miss the wonderful people I met and the pool, we spent so many days in that pool.
