| 01/17/2022 | 16:11 | PH1 - 2. CD-1 Rezoning: 3304 Kingsway | Support | I rent in the immediate area and am in support of this project. I like the design and the height does not appear to be invasive. I appreciate that all the units are available for rental. | Cam Knowles | | Renfrew-Collingwood | No web attachments. |
| 01/17/2022 | 16 52 | PH1 - 2. CD-1 Rezoning: 3304 Kingsway | Support | This a great project. The design looks great and will be a good addition for the community. | Jason Heukelom | | Unknown | No web attachments. |
| 01/18/2022 | 11 38 | PH1 - 2. CD-1 Rezoning: 3304 Kingsway | Support | In my opinion, the proposed development is needed in this part of Vancouver. I have lived in the area almost my entire life, and believe there is a shortage of rental units in the area. Further, this project is close to multiple bus routes and the Skytrain, and is well suited for the increased density. | Sonny Singha | | Unknown | No web attachments. |
