CD-1 Text Amendment: 650 West 41st Avenue	Support	Hi Mayor and Council, sharing my two cents on the Oakridge proposal that's on the agenda for March 1 - I'm very pleased to see this project continuing to move forward. I live not far from the mall itself and in the area a lot. I look forward to a time when we can all enjoy the site again. I think the public park is incredible - what a unique landmark for our City. Very pleased to see the housing tenure is changing to include more rental housing as well. Would love the opportunity to live here one day in the future. Thanks for your consideration! I'm so excited to see this project moving forward and am eager to see it built and open to the public. I'm a mum who is constantly looking for a new park space or playground for my young boys - what is being proposal at Oakridge will be such an exciting addition to the city. I think it's great that a lot of the amenities (including the park) will now be delivered sooner ' this is a massive benefit to the community. I also appreciate that there will be more rental housing included; this makes a world of sense given our City's housing challenges & the fact that this property already has a transit station. CD-1 Text Amendment: 650 West 41st Avenue	Support	Thanks for the opportunity to comment on the Oakridge proposal by Westbank and QuadReal ' I'm very pleased to see the changes proposed in this latest iteration. I think switching from condominium to rental is exactly the right move and will make Oakridge a more inclusive an vibrant place to be. I'm a medical practitioner who commutes to Richmond daily, so living on transit is key ' this project would be fantastic for people like me and many of my colleagues! I also think the park space that's proposed is really unique. I can see this being a real draw for many people to visit the area from all parts of the city (another reason it's great this is right on transit!). I'm all for this project getting approved and moving along ' I encourage council to vote in favour!	Kathryn Hunter			Unknown	No web attachments.
