3/25/2022	14:23	PH1 - 3. Amendment to the Regional Context Statement Official Development Plan By-law for 1325 -1333 East Georgia Street	Other	Hello, I absolutely support the need to supply temporary housing for the homeless, and I support the development of 1325 -1333 East Georgia Street to temporary modular housing. However, I would like to express my concern about potentially bringing drug users into an already vulnerable area. I am basing my concern from seeing an increasing number of users taking drugs directly outside the Nora Hendrix modular development. I would like to know what measures will be taken to ensure that drug use will not increase in this area. The woodland Park area near McLean is a particularly sensitive area, already struggling to develop into a healthy thriving community. Increasing the number of drug users on the streets in the neighborhood could be devastating to the area. Is this proposal for a temporary modular housing site open to families or is it limited to single individuals' When you have a moment, please let me know. Thanks.
