04/12/2022	18:09	Future PH - 1668- 1684 Alberni Street	Oppose	Dear Mayor and Council, I am writing in opposition to this proposal. My main reason for opposing it is that the city's rezoning site at hxxps://shapeyourcity.ca/1668-1684-alberni-st makes no mention of the fact that this building will pierce one of the city's long-established and respected view cones. As the shape your city site is pretty much the only place a citizen can see the details of an application, the omission of that key information should cause the application to be delayed pending proper, widespread communication. Otherwise, this will establish a dangerous precedent where staff omit key information at their discretion. Sincerely, Roberta Olenick Vancouver, BC	Roberta Olenick		s.22(1) Personal and Confidential	Unknown	No web attachments.
