05/19/2022	03:41	PH2 - 2. Encouraging EV Charging at Gas Stations and Parking Lots – Climate Emergency Action Plan	Oppose	<p>Can you people at City Hall just once use your common sense. Gas stations have not got enough space to have car charging stations. It feels like children are running City Hall or people who are coming up with anything to desperately try to justify their jobs. Enough with the "Climate Emergency Action Plans". Electric vehicles are not good for the environment, the batteries use precious metals and you have nowhere, nothing set up to dump dead batteries. Look at Michael Moore's documentary called Planet of the Humans, it's about electric cars. This City Hall MUST stop doing things that are not its mandate. Fix the pot holes in the roads and fix the broken sidewalks if you want to do something. You talk out of both side of your mouth -- on one hand you want to reduce gas run cars and on the other hand you want to build 20 to 40 storey concrete buildings that are the worst polluters imaginable. A persons head just spins at the way you try to manage this City. You're not doing a good job of it. GET NTO YOUR OWN LANE and keep the infrastructure working for a change!! Stop fussing with things that are not your mandate and are the mandate of the Federal and Provincial governments, they do climate change and social issues !!! Just in case you've forgotten what tasks you need to do, below is your list from the City website (of course you'll have to delete this off the website now that someone has brought it to your attention) The City of Vancouver is governed by the Vancouver Charter and has the power to: ' Pass bylaws regulating such things as businesses, building, noise, and land use ' Buy and sell property ' Collect property taxes and other taxes ' Approve major spending for all parts of the City government ' Take on debt ' Allocate funds for special activities, such as arts and community services ' Set up departments and offices for City services ' Hire staff for City departments and offices I don't mean to be pushy BUT 'Lord' someone has to shake you people out of your dream world and try to get you to use some common sense....</p>	Grace Mackenzie		<p>s. 22(1) Personal and Confidential</p>	Mount Pleasant	No web attachments.
