CD-1 Rezoning: 4949- 5255 Heather Street and 657- 707 West 37th Avenue (Heather Lands)	Other	Overall I support the redevelopment of Heatherlands and appreciate the retention of green corridors. My concern is the loss of street parking along 37th with expressed intent in the proposal to have dedicated bike lanes. The school and church on 37th and Baillie host sports tournaments, weddings, funerals, worship services on a weekly basis and in addition to events at VanDusen gardens and games in the Oak Meadows sports fields parking is already difficult. These types of events draw in people from beyond the neighbourhood including seniors for whom public transit may not be a viable option. Currently staff at BC Women & Children's also park on these local streets to avoid the high costs and limited availability of the hospital lots. Where is the consideration for public parking within this area' Especially with a cultural centre that will also draw in people from beyond the neighborhood.	Shantel Smith			No web attachments.
