CD-1 Rezoning: 4408- 4488 Fraser Street and 707- 709 East 29th Avenue	Support	I support this project immensely as it provides much needed rental housing in a community that lacks newer product. Many younger families and professionals want to live in the area and finding new housing is challenging. This project will also provide additional retail which is needed for the growing population surrounding this area. Great looking project!	Michael Buchan			Kensington-Cedar Cottage	No web attachments.
06/14/2022	12:05	PH1 - 3. CD-1 Rezoning: 4408- 4488 Fraser Street and 707- 709 East 29th Avenue	Support	I live in a laneway house across the alley from this development and I support it despite the sun my garden is going to lose. We desperately need rental housing in this city and that is FAR more important. Although I'm not thrilled that, once again, we're relegating anyone who isn't a millionaire to arterial roads. PLEASE please get rid of single family zoning - if we could have 3-4 story apartments, fourplexes, triplexes everywhere in the city we wouldn't have to build seven stories high to make things financially viable - and renters could live on streets with clean air and peace and quiet!
